Subject: 2013 Regional School Bus Safety ROAD-E-O Information

Start making plans for the 2013 School Bus Driver Safety Road-E-O. New strategies and a variety of events will make for a challenging Road-E-O. Below you will find the respective locations, date, and contact person for each region.

As in years past, the top six drivers from each region will advance to the State competition that will be held at Licking Heights High School, 4000 Mink Road, Pataskala, Ohio. (Entrance is actually off of Cable Road.) The date is May 18th.

With some completely new events for both the Regional and State competition, a new Driver's Handbook and a New Event guide will soon be posted to the ODE website. ODE's website is www.education.ohio.gov. Once on the site, select *pupil transportation*. Under pupil transportation select *transportation safety*, then the topic *school bus road-e-o.* The 2013 information can then be reviewed. Registration forms are part of these handbooks and regional registration **deadline is April 27, 2013.**

If you have any questions or need additional information about this year's events, please contact your local regional site chairperson or your pre-service instructor. We look forward to seeing you there.
