EMIS Release Notes- Updated Manifest

Collection Request Name: Yearend (N) FY14 Reporting Period

Description of Change: Collection now includes changes on checks CK.0014, FN.0021 and DN.1001 from 14K, see below for more details. Casino Count Record and all checks now included from 14K as well. In addition, new logic was added that will now prevent a partial submission, which is especially critical when data for payments is needed. If a submitter normally sends student and/or staff data to ODE, and either type of previously submitted data is omitted from a new collection, then none of the data from that submitter will be moved into the reporting table.

New options added for the following changes: Comprehensive Eye Exams (DN060), Third Grade Reading Guarantee (FN370), additions and deletions of GY assessments, score not reported reasons (FA235), and a score reason (FA240) relating to CTE assessments. In addition, options were added for reporting AP, IB, SAT, and ACT results.
