This payment reflects the factors based on Am. Sub. H.B. 1 and student enrollment data extracted from SOES in March 2010.

Payments to community schools are made no later than the 10th business day of each month. The tenth business day for each of the remaining months of the fiscal year are as follows: April 14th, May 14th, and June 14th.

SOES Updates

EMAD - As you may know, targeted funding for economically disadvantaged students has changed for resident districts and that funding no longer requires resident districts to identify students attending district schools in the EMAD system.

That being said, students who are identified through EMAD still impact both the community school and the resident district funding. Each student in EMAD who is identified as attending a community school generates a per pupil payment that is deducted from the resident district.

We (in conjunction with ODJFS) are currently in the process of finalizing changes to the new EMAD process. Persons designated in OEDS as the EMAD Coordinator will receive information via e-mail during the week of April 19th.
