

John R. Kasich, Governor  
Paolo DeMaria, Superintendent of Public Instruction

To: Governor John R. Kasich and Members of the General Assembly

From: Paolo DeMaria, Superintendent of Public Instruction

Date: February 7, 2018

Re: Kindergarten through Grade 4 Literacy Report for School Year 2016-2017

This report is created in response to Ohio Revised Code 3313.608(D), which states:

*The superintendent of public instruction shall report annually to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.*

And Ohio Revised Code 3302.14, which states:

*The department of education annually shall collect, analyze, and publish data regarding reading achievement in schools and progress in assisting all students to become proficient readers. Beginning on January 31, 2015, and on the thirty-first day of each January thereafter, the department shall report these findings, in accordance with section 101.68 of the Revised Code, to the governor, the general assembly, and the state board of education. The report shall include, but not be limited to, both of the following:*

- (A) The progress of all students that were on a reading intervention plan at any time during grades kindergarten through four while enrolled in the state's public school system.*
- (B) The progress of school districts and community schools that are currently operating under a reading achievement improvement plan pursuant to section 3302.13 of the Revised Code, as data is made available.*

Ohio education leaders want to ensure that Ohio students succeed in college, careers and life. To meet these goals, Ohio has raised its expectations in recent years for what students should know and be able to do at all levels of kindergarten through grade 12 education. Ohio's State Tests, first administered in the 2015-2016 school year, and the data presented in this report, reflect these higher expectations. Because of this change, some data should not be compared to corresponding data from earlier years. The Ohio Department of Education recognizes that schools are improving and

will continue to do so, but that improvement may not show up clearly given the rise in expectations in recent years. In this time of transition, this report will be used to inform discussion about the new expectations and what it will take to help children read successfully.

## Section 1: Number and Percentage of Students by Assessment and Performance Level

Table 1 displays the numbers and percentages of students in kindergarten through grade 4 who have been administered either an approved reading diagnostic for K-3 or the state test in English language arts. This table also shows additional details by grade level. See the information by district and building level at [education.ohio.gov](http://education.ohio.gov), keyword search *annual reports*.

**Table 1. State of Ohio, School Year 2016-2017**

Grade Level	Reading Diagnostic: On-Track Status			State English Language Arts Assessment: Proficiency Status			Third Grade Reading Guarantee: Promotion Score Met*		
	On Track	Not On Track	% On Track	Proficient	Not Proficient	% Proficient	Met	Not Met	% Met
Kindergarten	81,394	42,841	<b>65.5</b>						
Grade 1	92,833	32,479	<b>74.1</b>						
Grade 2	90,555	37,394	<b>70.8</b>						
Grade 3	89,751	41,814	<b>68.2</b>	87,034	49,485	<b>63.8</b>	111,612	7,196	<b>93.9</b>
Grade 4				81,537	48,341	<b>62.8</b>			

\*The Third Grade Reading Guarantee promotion score for 2016-2017 was 44 for the reading subscore on the fall, spring or summer Ohio's State Tests in grade 3 English language arts or a comparable score on an approved alternative test. Students were considered proficient in English language arts if they scored 700 or higher on the English language arts scaled score, which includes both reading and writing.

## Section 2: Reading Achievement and Progress in the State of Ohio<sup>1</sup>

All districts and community schools are required to screen students for reading difficulties at the beginning of each school year. Students who are identified as not on track for reading on grade level must receive reading improvement and monitoring plans.

Based on the required reading diagnostic or performance on Ohio's State Tests in grade 3 English language arts administered in the 2016-2017 school year, 38.7 percent of Ohio students who qualified for reading improvement and monitoring plans in grades K-2 in the 2015-2016 school year and in third grade in the 2016-2017 school year progressed to reading on grade level

## Section 3: Reading Achievement and Progress for Districts and Community Schools Operating Under Reading Achievement Plans

The Reading Achievement Plan is a district plan for raising student achievement in reading. Section 3302.13 of the Ohio Revised Code requires each school district or community school that meets the following criteria, as reported on the past two consecutive report cards issued for that district or community school, to submit a Reading Achievement Plan to the Department of Education by Dec. 31.

<sup>1</sup> The percentage presented in this section represents the state average of students identified as *not on track* in reading who progressed to *on track* in reading. This percentage is not the same as the state average used in the State Report Card for the K-3 Literacy Improvement Measure. Per OAC 3301-28-07, the data used to determine the state average on the State Report Card for the K-3 Literacy Improvement Measure includes the deduction for children who did not qualify for a reading improvement and monitoring plan but scored below proficient on the grade 3 Ohio Achievement Assessment in Reading or the Ohio State Test in English language arts.

1. The district or community school received a grade of “D” or “F” on the K-3 Literacy Improvement Measure; and
2. Fewer than 60 percent of the district's or community school's students scored proficient or higher on the state's grade 3 English language arts test.

The Reading Achievement Plan requirement went into effect in the 2016-2017 school year. Nine school districts and 60 community schools were required to submit Reading Achievement Plans by Dec. 31, 2016.

In the 2017-2018 school year, seven districts and 25 community schools were no longer required to submit Reading Achievement Plans, while two districts and 35 community schools still were required to submit Reading Achievement Plans. Twenty-seven additional districts and 28 additional community schools, for a total of 29 districts and 63 community schools are required to submit Reading Achievement Plans in the 2017-2018 school year.

#### **Section 4: Types of Intervention Services**

Table 2 lists the types of intervention services provided to students in the 2016-2017 school year. There is no single reason why a child may struggle to read. Schools, therefore, use various strategies on a case-by-case basis, according to the unique needs of each child. These intervention labels/codes are taken from the [EMIS Manual, Section 2.9 – Student Program Record \(GQ\)](#). An evaluation of the efficacy of these intervention services is not available at this time.

**Table 2. Intervention Types**

<b>Intervention Type</b>	
Guided Reading (Small-Group Instruction)	Success for All
Phonemic Awareness and Phonemic Decoding	Responsive Intervention
Increased Reading Time	Proactive Intervention
Sight Word Instruction	Reading Recovery
Leveled Literacy Intervention	Reading 180
Shared Reading	System 44
Extended Learning Time (Each Week)	Other Explicit Instruction of Fluency
Supplemental Instruction in Decoding Skills	Other Explicit Instruction of Comprehension
Interactive Writing	Other Explicit Instruction of Vocabulary
One-on-One Tutoring or Mentoring	Other Language Experience Approach
Literacy Collaborative	Other Intervention
Orton-Gillingham	
Peer-Assisted Learning Strategies	
Summer Reading Programs	

## Kindergarten through Grade 4 Literacy Report for School Year 2016-2017

This report is created in response to Ohio Revised Code 3313.608(D):

*The superintendent of public instruction shall report annually to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.*

**This document includes State, District, Traditional School and Community School data for the following fields:**

<b>Reading Diagnostic: On-Track Status</b>	Kindergarten	On-Track	Number of Kindergarten students who were on-track, or were reading at or above grade level, based on initial school year diagnostic
		Not On-Track	Number of Kindergarten students who were not-on-track, or were reading below grade level, based on initial school year diagnostic
		% On-Track	Percentage of Kindergarten students who were on-track, or were reading at or above grade level, based on initial school year diagnostic
	Grade 1	On-Track	Number of First Grade students who were on-track, or were reading at or above grade level, based on initial school year diagnostic
		Not On-Track	Number of First Grade students who were not-on-track, or were reading below grade level, based on initial school year diagnostic
		% On-Track	Percentage of First Grade students who were on-track, or were reading at or above grade level, based on initial school year diagnostic
	Grade 2	On-Track	Number of Second Grade students who were on-track, or were reading at or above grade level, based on initial school year diagnostic
		Not On-Track	Number of Second Grade students who were not-on-track, or were reading below grade level, based on initial school year diagnostic
		% On-Track	Percentage of Second Grade students who were on-track, or were reading at or above grade level, based on initial school year diagnostic
	Grade 3	On-Track	Number of Third Grade students who were on-track, or were reading at or above grade level, based on initial school year diagnostic
		Not On-Track	Number of Third Grade students who were not-on-track, or were reading below grade level, based on initial school year diagnostic
		% On-Track	Percentage of Third Grade students who were on-track, or were reading at or above grade level, based on initial school year diagnostic

<b>State Reading Assessment: Proficiency Status</b>	Grade 3	Prof.	Number of Third Grade students who were proficient on the state test for Reading (fall or spring administration)
		Not Prof.	Number of Third Grade students who were not proficient on the state test for Reading (fall or spring administration)
		% Prof.	Percentage of Third Grade students who were proficient on the state test for Reading (fall or spring administration)
	Grade 4	Prof.	Number of Fourth Grade students who were proficient on the state test for Reading (spring administration)
		Not Prof.	Number of Fourth Grade students who were not proficient on the state test for Reading (spring administration)
		% Prof.	Percentage of Fourth Grade students who were proficient on the state test for Reading (spring administration)
<b>Third Grade Reading Guarantee (TGRG): Promotion Score Met</b>	Grade 3	Met	Number of Third Grade students subject to TGRG promotion requirements who met threshold for promotion
		Not Met	Number of Third Grade students subject to TGRG promotion requirements who did not meet threshold for promotion
		% Met	Percentage of Third Grade students subject to TGRG promotion requirements who met threshold for promotion

**State of Ohio, School Year 2016-2017**
