EMIS Change 27-94

SB 19 requires districts to report to EMIS certain information about academic intervention services. This change adds DN attributes to collect that information.

August 7, 2026, update: Updated a few of the new attributes to make it clear that this reporting is only about English language arts and math. Other subject areas should not be included in the counts reported for these new intervention services attributes. Updates are marked below in yellow.

SECTION 5.3: ORGANIZATION GENERAL INFORMATION
