

## **Charles (Chuck) M. Froehlich, District 2**

Chuck Froehlich is a retired manufacturing executive. He holds an Executive Masters in Business Administration from Kent State University and earned a Bachelor of Science in chemical engineering at Northeastern University in Boston. Mr. Froehlich has held management positions in plant operations, quality control, and engineering, and has implemented business software systems.

His former employers include Momentive Performance Materials Corporation, the world's leading producer of boron nitride powders and shapes. His manufacturing experience at Union Carbide Corporation, Advanced Ceramics Corporation, PCC Airfoils and Powdermet Inc., focused on ceramics materials. While living in Avon Lake, Ohio, Mr. Froehlich worked for Kennametal and Ex One Company, both of Pennsylvania.

A design engineer, Mr. Froehlich developed and piloted particle-coating processes and operations, as well as processes for producing vapor-deposited materials such as silicon carbide and boron nitride.

Mr. Froehlich also has experience in change management, heading the relocation of two major manufacturing plants and instituting an employee education program to improve an employer's workforce.

The District 2 State Board of Education representative has 16 years of local school board experience. Before joining the State Board of Education, Mr. Froehlich was president of the Avon Lake City Schools Board of Education. He also served for four years on the Lorain County Joint Vocational School District School Board.
