

# Guide to Researching Occupations

## Who Am I?

Complete the Career Cluster Inventory and/or Career Profile and record your results below.

Career Cluster Inventory List the top 3 career clusters from your results	Career Profile List the 3 interest areas from your results
1.	1.
2.	2.
3.	3.

## Where Am I Going?

*Random* shouldn't be how you choose to research jobs. Use the results you listed above to decide which occupations you want to learn more about. Who knows, the one that you know least about could end up being your dream job.

Career Cluster/ Industry	Occupation	Education and Training	Skills	Details I Like	Details I Don't Like

## How Do I Get There?

When it comes to preparing for your career, you don't have to "wait and see." Check out options that you can start as early as 7<sup>th</sup> grade and maybe you'll start your dream job sooner than you think.

Occupation	Program /Major	School	Admissions	Typical Courses	Options to Begin Preparing as Early as 7 <sup>th</sup> Grade
