Month of July 2016

Deliverables and Tasks

Schools:

- **EMIS Reporting**: Year-end Student, Staff, District, Building and Financial records due (see EMIS Required Records Table).
  [http://education.ohio.gov/Topics/Data/EMIS/Reporting-Responsibilities](http://education.ohio.gov/Topics/Data/EMIS/Reporting-Responsibilities)

- **SOES (ODDEX) Access**: Community schools should continuously review fatal flags and errors that impact their monthly payments. All community schools have access to FTE Detail (FTED-001) and FTE Adjustments (FTED-003) reports in the Data Collector. These reports allow a community school to see the impact of all flags and errors on FTEs. These reports will be updated on a regular basis and provide the most up-to-date snapshot of what FTEs are being impacted. Community schools should work with resident districts and area coordinators to resolve these flags and errors in the week following this report. By the 23rd or 24th of each month, any remaining fatal errors or flags will impact payments. - **Kindergarten Readiness**: The Ohio Department of Education (ODE) has developed a brief assessment tool, the Kindergarten Readiness Assessment – Literacy (KRA-L), that helps teachers identify early reading skills. The KRA-L is required of all children entering kindergarten in public schools for the first time. It is not required for children being retained in kindergarten. [http://education.ohio.gov/Topics/Testing/Kindergarten-Readiness-Assessment](http://education.ohio.gov/Topics/Testing/Kindergarten-Readiness-Assessment)

- **OELPA (Ohio English Language Proficiency Assessment)**: Ohio is a member of the English Language Proficiency Assessment for the 21st Century, ELPA21, a group of states committed to supporting educators, member states, and the public as they adopt and implement the new English Language Proficiency (ELP) Standards and college- and career-ready standards. The consortium is developing an assessment system based on the ELP Standards that will inform instruction so that all English language learners (ELLs) leave high school prepared for college and career success. • **2017 Federal Quota Registration of Blind Students** packet coming in the mail on Dec. 8, 2016 - The Assistive Technology and Accessible Educational Materials Center (AT & AEM Center) at the Ohio Center for Autism and Low Incidence (OCALI) will mail the 2017 Federal Quota Registration of Blind Students packet to you, on behalf of the Ohio Department of Education’s Office for Exceptional Children, requesting the registration of every student attending school in your district who is legally blind. Districts that serve students with visual impairments know the importance of providing accessible educational materials (audio, braille, digital and large-print textbooks and educational aids). The Federal Quota registration generates funds for registered students, so the center can purchase accessible educational materials at the district’s request from the American Printing House for the Blind. Each registered student must have a current eye report (2014 or later) on file in the student’s district of attendance. **The registration form included in the packet is due by Friday, Jan. 27, 2017, to the AT & AEM Center at OCALI.**

• **Restraint and Seclusion Report due Dec. 16, 2016.** (For school superintendents, principals and treasurers). The Ohio State Board of Education created rule and policy regarding the implementation of positive behavior interventions and supports. They went into effect during the 2013-2014 school year to prevent the use of restraint and/or seclusion. In addition, the state rule requires districts to annually submit a reporting of incidents of student restraint and seclusion to the Ohio Department of Education. To ensure reporting accuracy across the state, there is an update to the reporting instructions. Please review the guidelines and sample forms for further clarification regarding restraint and seclusion documentation and reporting available here; scroll to the Restraint and Seclusion Survey section. Your district’s completion of this survey will fulfill the reporting requirement of the above referenced rule. Please submit data from the 2015-2016 school year by the close of business on Dec. 16. For additional information about positive behavioral interventions and supports, review the resources for educators, families and administrators. If you have additional questions, send an email to PBIS_Restraint_Secusion_Questions@education.ohio.gov.

Month of July 2017

Deliverables and Tasks

Schools:

- **SOES (ODDEX) Access:** Community schools should continuously review fatal flags and errors that impact their monthly payments. All community schools have access to FTE Detail (FTED-001) and FTE Adjustments (FTED-003) reports in the Data Collector. These reports allow a community school to see the impact of all flags and errors on FTEs. These reports will be updated on a regular basis and provide the most up-to-date snapshot of what FTEs are being impacted. Community schools should work with resident districts and area coordinators to resolve these flags and errors in the week following this report. By the 23rd or 24th of each month, any remaining fatal errors or flags will impact payments.
