FY2008 EMIS Change List

Ref #	Data Type	Change Type	EMIS Item	Record Impacted	Element	Record Field #	Description
2008033	Staff	Adjust	Reporting Instructions	Course Master	Employee ID	CN070	REPORTING INSTRUCTIONS Resident districts must report all 9s in this element when reporting data about classes provided by postsecondary enrollment option courses. With the exception of reporting Post Secondary Enrollment Option Courses, this element should never be reported as all 9's. (Only the affected part of the reporting instructions are listed) Modify the reporting instructions on option VT1 to include further documentation on the exceptions for using this option:
2008034	Staff	Adjust	Reporting Instructions	Course Master	Course Type	CN130	The VT1 course type should not be used for 9th and 10th grade portions of a pathway leading to a Tech Prep program (except for subject code 171815 Engineering Technologies – Merging, 9th and 10th grade students may be reported as Tech Prep students (program code 305005)). A list of State Approved Tech Prep programs can be found at ODE's Career Tech website. For all VT1 enrollment exceptions, see a document entitled Career Technical Education Program and EMIS Reporting. This document can be located under Resources and Tools for EMIS as well as on the CTAE section of ODE's website Added the following to the Introduction of the Chapter 3 of the EMIS Manual under the "Reporting Staff Members" heading:
2008035	Staff	Adjust	Reporting Instructions	Staff Demogramphic and Staff Employment	N/A	N/A	Please keep these key points in mind when reporting a Staff Member: • Staff members must be assigned a unique Employee ID. • The id assigned to a staff member must be the same id used for reporting related records in Chapter 3 (Course Master, Staff Employment, Staff Demographic, Contractor Staff Employment) and Chapter 2 (Student Program) records. • When reporting a Staff Demographic record for a staff member who has Staff Employment record with a job position requiring certification, the staff member must be reported with his/her Ohio Credential ID. Adjusted the Following text under the Reporting Instructions header: Resident districts can only report all 9s in this element when reporting data coded as postsecondary enrollment option courses.
2008036	Staff	Adjust	Reporting Instructions	Course Master	Employee Id	CN070	Added the following paragraph: The value in the Employee ID Element must be consistently reported as it is used to connect related records in Chapter 3 (Staff Employment, Staff Demographic, Contractor Staff Employment) and in Chapter 2 (Student Program).

2008037	Staff	Adjust	Reporting Instructions	Contractor Staff Employment	Employee Id	CJ050	Adjusted the definition of the element to the following: Identifies the person providing the service. Added the following paragraph to the Reporting Instructions: The value in the Employee ID Element must be consistently reported as it is used to connect related records in Chapter 3 (Course Master, Staff Employment, Staff Demographic) and in Chapter 2 (Student Program). Adjusted the definition of the element to the following: Identifies the person providing the service.
2008038	Student	Adjust	Reporting Instructions	Student Program	Employee Id	GQ070	Added the following paragraph to the Reporting Instructions: When reported this element will be used to connect staff data (Course Master, Staff Employment, Staff Demographic and sometimes Contractor Staff Employment).
2008039	Student	Adjust	Reporting Instructions	Student Program	Program Provider	GQ090	Adjusted the Reporting Instructions as follows: In most circumstances, the sending/resident district is responsible for reporting Student Program Record(s), with the appropriate program data, for all programs/services the student is participating in and/or receiving . The Program Provider IRN Element is required to be reported if the school district has an agreement with an ESC or another EMIS entity to provide the service. The Program Provider IRN Element will be used to connect Contractor Staff Record reported by the contractor. For additional reporting instructions with regards to reporting contracted staff, please see Appendix A and general guidelines for reporting Staff members in Chapter 3. If the school district is not contracting with any EMIS reporting entity for the programs and/or services in which the student is participating, then this field must be left blank.

2008125	Student	Adjust	Reporting Instructions	Student Program	N/A	N/A	Adjust the reporting instruction to reflect that the 210xxx and 212xxx program codes wil not need to be reported during the February Reporting Period. ODE will be using the Special Ed Event records that wil be reported in February to determine if the student has a valid IEP and is being served, therefore theses program codes no longer need to be reported during the February reporting period.
2008126	Student	Adjust	Reporting Instructions	Student Program	Appendix E	N/A	Adjust the reporting instructions under the Adaptive and Related Services heading to add the following text:

If the resident district provides psych services to a student attending a MRDD (Attending Home Status '26'), the Adaptive and Related Service Program Code 215XXX will be used to determine the appropriate psych services unit funding. These students get added to the number of students with a disability code of '11' for psych services funding. |

							Adjust Appendix E of the EMIS Manual to include the following guidance under the Academic Intervention Programs heading:

Guidelines for assigning Academic Intervention Codes

A. First, for a student to be coded as receiving "Academic Intervention" both of the following two conditions must be met:

1. The student receiving the intervention is at risk of not scoring at least proficient on one or more of Ohio's Achievement Tests (or the Ohio Graduation Test), or has already scored at less than proficient on one or more of these tests. OR The student in an underachieving accelerated learner.

2. The interventions received by the student are designed to reduce the non-academic or academic barriers to that student's academic achievement. (For example, reducing non-academic barriers might include strategies that target a specific student's problems with discipline, truancy, or mobility.)

B. If both of the above are true, then two of the following three conditions also need to be true: |

2008171	Student	Adjust	Reporting Instructions	Chapter 2 - Various Locations	N/A	N/A	Adjust the reporting instructions for students participating in the Autism Scholarship program to indicate that these students will now be coded with a Student Status of 'Z' by the resident district and that the Autism Scholarship program code is being deleted. The student will still need to be coded with the appropriate percent of time based upon the education that the student would have received if the district were doing the education (usually 100%). Add the following Subject Code:

196098 Early Education of the Handicapped/Early Learning Initiative |
| 2008172 | Staff | Add | Option | Course Master | Subject Code | CN050 | Definition: Special education programs and related services primarily designed for children below six years of age where one or more non-disabled typically developing peers are funded partially or wholly with the Early Learning Initiative state funds per H.B. 119.
Ad the following sentence to the reporting Instructions: |
| 2008173 | Student | Adjust | Reporting Instructions | Appendix K | N/A | N/A | In the event that the district does not receive verification from the test vendor that the student passed the graduation test until after the new school year starts the district may use the date of the summer test administration for the diploma date; this will allow the student to be counted as a summer graduate. |
| 2008174 | Student | Adjust | Reporting Instructions | Ohio Graduation Test | N/A | N/A | Adjust the reporting instruction to indicate that OGT test results for the summer administration should be reported during the October reporting period for students that passed the graduation test in the summer and as a result of that passage are being reported as a summer graduate. The test results should only be reported for students that were enrolled in the district the prior school year, passed the OGT over the summer, and are being reported as a summer graduate.
Add the following to the reporting instructions section: |
| 2008175 | District | Adjust | Reporting Instructions | District General Information - Fall/October | Participation Eligibility | DQ080 | If the district does not report a value for this element, a student will be counted as eligible for extra-curricular activities if the student's PERCENT OF TIME (GI150) is greater than zero.
