APPENDIX A REVISION HISTORY

Version	Change	Description
1.0	663	Updated reference to gifted course type with gifted student population options
1.0	664	Delete references to 217xxx program codes
1.0	702	Removed footnotes and incorporated footnote language into the reporting instructions.
1.0	704	Deleted reference to assignment area 999413 in Table 9.
1.0	740	Deleted reference to Early Learning Initiative

GOAL

In the past, if the resident/educating district contracted for staff from an ESC or other EMIS reporting entity, both entities were required to report duplicate staff data in order to link the contracted employee that taught a course or provided a service to the student, and in many cases both also reported student data. In addition, contracting with non-EMIS reporting entities often presented challenges related to obtaining the minimum data required for reporting. Via changes described in this appendix, we hope to provide clear guidance on which entity is required to report student and staff data to EMIS in the case of contracted staff and ESC staff providing services to districts in order to **eliminate duplicate reporting of student and staff data**. In addition, the new Contract Only Record (see Chapter 3) will simplify reporting of contracts with non-EMIS reporting entities when data processing and reporting needs do not require individual staff information. The following chart shows the different types of contracted staff and the records to use to report the staff in EMIS.

Who reports what records?		An EMIS reporting entity contracts with...		
		Another EMIS Reporting Entity	A Non-EMIS Reporting Entity	An Individual
What position code describes the work being done? (see Appendix D)	101-199 201-299 304, 318, 320, 323, 325-328, 330-334 and 399 415	Employing entity reports Staff Demo and Employment Record (CI & CK) and a Contractor Staff Employment Record (CJ) if required by categories and situations below	Contracting entity reports a Staff Demo and Employment Record (CI & CK) with a Position Status of A	Contracting entity reports a Staff Demo and Employment Record (CI & CK) with a Position Status of I
	All others		Contracting entity reports a Contract Only Staff Record (CC) (see Chapter 3)	Contracting Entity reports a Staff Demo and Employment record (CI & CK) with a Position Status of I. The contracting entity could use the Contract Only Staff Record (CC) in this situation, but since the CC record requires the federal tax ID and the federal tax ID for an individual is a social security number, we do not recommend use of the CC record in this situation. Reporting as indicated will ensure that the individual will have a state staff ID assigned in place of the social security number.

WHO REPORTS – STUDENT AND STAFF DATA

- **Resident/educating district will be responsible for reporting student data** – they are responsible for ensuring that the student receives appropriate instruction/services and they are held accountable for the student’s performance
 - **Only exceptions** – when the ESC or other EMIS reporting entity is awarded the pre-school special education teacher or related service unit or the early childhood program funds (formerly the state-funded public preschool grant)
 - **ESC still required to report student data for funding purposes**
 - **Resident/educating district also reports student data if the student has a disability condition**
- **The ESC or other EMIS reporting entity that employs the contracted staff member is responsible for reporting the staff data** – they provide staff to perform support services to districts to assist them in reaching their accountability performance measures

CONTRACTOR STAFF EMPLOYMENT RECORD

- We created a Contractor Staff Employment Record that will accomplish the following:
 - Allow ODE to link the contracted employee to the student from the resident/educating district when necessary without requiring duplicate staff reporting by the district, and
 - Allow the contractor to report an accurate FTE for the time spent serving students from each district.
- The new Contractor Staff Employment Record contains the following elements:
 - District IRN
 - Contracting District IRN
 - Employee ID
 - Local Contract Code
 - Position Code
 - Position FTE

The *District IRN* Element refers to the IRN of the entity completing the Contractor Staff Employment Record (includes the ESC or another EMIS reporting entity, such as another district, a community school, etc). The *Contracting District IRN* Element refers to the IRN of the resident/educating district that has contracted for the staff member.

- This record is required in addition to the regular Staff Demographic and Staff Employment Record that is required for all staff reported to EMIS
- The Contractor Staff Employment Record should **ONLY be submitted for Situations described in Category #2 and Category #3 below**
- Each contracted staff member should be reported by the Contractor (ESC or other EMIS reporting entity) with one Staff Demographic Record and one Staff Employment Record. If the contracted staff member is employed in one of the specified positions included in the examples, **at least one Contractor Staff Employment Record** should be reported for the employee. If the contracted staff member works in multiple districts in one of the specified positions, a Contractor Staff Employment Record should be reported for that employee in that position for each district they serve

and should include the FTE for the time that the contracted staff member works with that particular district.

- **In the case of ESCs, the Contractor Staff Employment Record should ONLY be submitted in certain situations.** The varying agreements that ESCs have with the districts they serve, as well as the large number of ESC employees who are shared among all districts have resulted in ODE identifying only particular ESC employees that should be reported with this new record. As in the past, all employees of the ESC need to be reported to EMIS by the ESC with a Staff Demographic and Staff Employment Record. **The situations when the ESC should report the Contractor Staff Employment Record have been identified in Category #3, Situations A – L.**
- Reporting for contract career-technical and special education cooperative programs (Category #4) and reporting staff contracted from a non-EMIS reporting entity (Category #5) remain the same as in the past. No Contractor Staff Employment Record is required in these situations.

CATEGORIES OF CONTRACTED STAFF REPORTING AND CORRESPONDING SITUATIONS

- ***Category #1 – ESCs Only – Contractor Staff Employment Record NOT Allowed***
 - Educational Service Center (ESC) hires a certificated/licensed or classified staff member who provides administrative/supervisory and/or related services to all member districts. **Exceptions to these instructions that require the ESC to report at least one Contractor Staff Employment Record for the employee are listed in Category #3, situations A through L.**
- ***Category #2 – Contractor other than an ESC – Contractor Staff Employment Record Required***
 - Resident/Educating district contracts with an EMIS reporting entity (OTHER THAN AN ESC) to hire a certificated/licensed or classified staff member to provide administrative/supervisory and/or related services in one or more districts.
- ***Category #3 – Contractor (ESC or other EMIS reporting entity) – Contractor Staff Employment Record Required***
 - **SITUATION A:** ESC (or other EMIS reporting entity) is awarded the gifted coordinator unit.
 - **SITUATION B:** Resident/Educating District contracts with an ESC or other EMIS reporting entity to hire a staff member who will provide services and the district will count this employee to meet their educational service personnel (ESP) ratio requirements.
 - **SITUATION C:** Resident/Educating district contracts with an ESC or other EMIS reporting entity to provide a staff member who teaches courses to students, including K-8 Art, Music and Physical Education teachers used to meet the district's ESP ratio requirement. **Please Note:** An example (Situation C.1) is provided to address the reporting requirements for the specific circumstance when a district contracts with the ESC to provide staff for a special education classroom that is located in another district and students from multiple districts attend this program and are also mainstreamed into regular classes in the district that houses the program.
 - **SITUATION D:** Resident/Educating district contracts with an ESC or other EMIS reporting entity to provide instruction to students in an alternative school setting.

- **SITUATION E:** ESC serves students from resident/educating district(s) and ESC is awarded the gifted teacher unit.
- **SITUATION F:** Resident/Educating district contracts with an ESC or other EMIS reporting entity for staff and is awarded the preschool special education related service unit.
- **SITUATION G:** ESC or other EMIS reporting entity is awarded the preschool special education teacher unit (center-based or itinerant) or a preschool special education related service unit or the Preschool Special Education Supervisor Unit (does NOT serve students directly).
- **SITUATION H:** Resident/Educating district contracts with an ESC or other EMIS reporting entity for a teacher and is awarded the early childhood education funds (formerly the state-funded public preschool grant).
- **SITUATION I:** ESC or other EMIS reporting entity is awarded the early childhood education funds (formerly the state-funded public preschool grant).
- **SITUATION J:** Resident/Educating district contracts with an ESC or other EMIS reporting entity to provide an instructional paraprofessional (415) to work in a Title I building in the resident/educating district.
- **SITUATION K:** Virtual community school contracts with an ESC or other EMIS reporting entity (such as another virtual community school or another district) for staff members to serve as the teacher of record for their online courses.
- **SITUATION L:** Resident/Educating district contracts with an ESC to hire a staff member who will specifically serve their district in a role not identified in situations A through K and to provide a service not normally provided to several or all member districts.
- **Category #4: – Contract career-technical and special education cooperative programs – no Contractor Staff Employment Record required**
 - Resident/Educating district contracts with another EMIS reporting entity to provide contract career-technical services or to participate in a special education cooperative program.
- **Category #5: – Resident/Educating district contracts with a non-EMIS reporting entity for certificated/licensed or classified staff member – Contractor Staff Employment Record not required**
 - No Change – Same reporting instructions as FY05.

Table 8. Category #3, Situation F

CATEGORY #3, Situation F:		
Resident/Educating District Is Awarded the Preschool Special Education Related Service Unit and Contracts with an ESC or other EMIS Reporting Entity for Staff (if the resident district is awarded the Preschool Special Education Teacher Unit they CANNOT contract for a teacher) – Contractor Staff Employment Record Required.		
Positions include: Preschool Special Education (PSE) Audiologist (304, 999412), PSE Psychologist (318, 999412), PSE Physical Therapist (325, 999412), PSE Speech and Language Pathologist (326, 999412), PSE Occupational Therapist (325, 999412), PSE Orientation and Mobility Therapist (326, 999412) and PSE Adaptive Physical Education Therapist (333, 999412).

Table 9. Category #3, Situation G**CATEGORY #3, Situation G:**

ESC or Other EMIS Reporting Entity is Awarded the Preschool Special Education Teacher Unit (Center-Based or Itinerant) or a Preschool Special Education Related Service Unit OR a Preschool Special Education Supervisor Unit (Does NOT Serve Students Directly) - Contractor Staff Employment Record Required.

Preschool Special Education (PSE) Teacher positions include: PSE Center-Based Classroom Teacher (230, 999412) and PSE Itinerant Teacher (230, 999412).

Preschool Special Education (PSE) related services positions include: PSE Audiologist (304, 999412), PSE Psychologist (318, 999412), PSE Physical Therapist (325, 999412), PSE Speech and Language Pathologist (326, 999412), PSE Occupational Therapist (325, 999412), PSE Orientation and Mobility Therapist (326, 999412) and PSE Adaptive Physical Education Therapist (333, 999412).

Note that for teacher units, related units, and supervision units a CJ record is only required in specific situations:

1. If the ESC or district is allocated a preschool special education related service unit or teacher unit AND has hired a staff member for that unit AND is serving students in that unit who are from other districts, THEN this ESC or district (the one allocated the PSSE related service unit or teacher unit) does not report a CJ Record. This is not considered a “contracting situation”, because the entity that was allocated the unit has hired/employed a staff member to fulfill that unit. A Staff Employment and Demographic Record are required to be reported by the entity allocated the unit for this staff member.
2. If a district or ESC is allocated a preschool special education related service unit or a supervision unit, AND contracts with another district or ESC for a staff member to fulfill this unit (meaning the staff member is actually employed at the “other” district/ESC); THEN the district/ESC that hired the staff member being contracted out to the district/ESC that was allocated the PSSE unit reports the staff member (Staff Job, Demographic, and Contracted Staff Records) and the district/ESC that was allocated the unit does not report any staff information.

Key questions for district/ESC to consider with regards to PS Units and Contracted Staff Reporting:

- Who is allocated the unit?
- Does the entity allocated the unit hire the staff member themselves to fulfill this unit or do they contract with another EMIS reporting entity (ESC or another district) to fulfill the unit?
 - If they hire the staff member themselves – not a contracting situation – #1 above applies
 - If they contract with another EMIS Reporting Entity - contracting situation – #2 applies
 - If they contract with a NON-EMIS reporting entity - yes a contracting situation – Category 5 applies.
