2.14 STUDENT SPECIAL EDUCATION GRADUATION REQUIREMENT (FE) RECORD

Required Reporting Periods

The Student Special Education Graduation Requirement (FE) Record is to be reported for the ~~October (K) (starting in FY13), Yearend (N)~~ Traditional Districts Initial, Midyear, and Final Student (S) Collections, the Community/STEM Schools Initial and Final Student (S) Collections, the Graduateion (G) Collection reporting periods, and for the E-Transcript (E) Collection, and the Student Records Exchange (X) eCollection requests.

General Guidelines

~~This record is reported during periods K and N. The~~ This record is reported whenever an IEP determination is made to add, confirm, or cancel an exemption from the consequences of any graduation assessment and/or individual graduation assessment areas. ~~Just as with the GE Special Education Event record, if an FE Record is reported in period K for a student who is also reported in the following period N (in other words, a non-summer withdrawal/graduate), then the FE Record must be reported again at yearend.~~

If the record is being used to report a granting of an exemption in a particular Assessment Type/Area combination, it is reported in the first school year of the IEP determination and every year thereafter, thereby confirming that the IEP team has continued the exemption on the IEP. This is true even if there is no change in the granted exemptions from one IEP to the next.

If the record is being used to report removing or canceling an exemption in a particular Assessment Type/Area combination, removal of the exemption is reported in the initial year of the IEP change ~~(both K and N of that school year if student reported in both periods and the change was on or before December 1; otherwise only in period N)~~ and optionally thereafter.

If a student is never exempted from a particular Assessment Type/Area combination, then it is not necessary to report a Student Special Education Graduation Requirement (FE) Record for that combination.

Separate records ~~and are~~ are submitted per graduation assessment type/area. For example, if the student no longer needs to meet the passing requirements of three of the five OGT subjects, then three records must be reported.

When this record is reported, a matching Student Special Education (GE) Record (matching on Date and Date Type) must be reported for the IEP that reflects the determination of the exemption(s). The exception would be when reporting for the Graduateion (G) ~~reporting period~~ Collection. The Student Special Education (GE) Record would not be reported for the Graduateion (G) ~~Collection reporting period~~. For the Student Record Exchange (X) and E-Transcript (E) Collection Requests, if a prior year Special Education (GE) Record is reported then a prior year Special Education Graduation Requirement (FE) Record may also be reported.
