2.18 STUDENT SUMMER WITHDRAWAL RECORD (FL)

Required Reporting Periods

The *Student Summer Withdrawal Record* is to be reported for the October (K) reporting period.

General Guidelines

A Student Summer Withdrawal Record (FL) may be reported in the October (K) reporting period for any student who was enrolled in the district at the end of the prior school year but withdrew from the district prior to the start of the current school year. If a student attends even a single day of the current school year in the district, the FL record may not be used to report the student’s withdrawal.

A student who withdraws over the summer may be reported with a Student Attributes – Effective Date Record (FD), a Student Standing Record (FS), and a Student Demographic Record (GI), or the student may be reported with a single FL record. Note that if FD/FS/GI records are reported, all elements on those records must have values that are valid for the current school year. If a district reports an FL record, then that student cannot also be reported with FD/FS/GI records during October.
