## 2.20 STUDENT CONTACT ADDRESS (FG) RECORD

### **Required Collection Requests**

The Student Contact Address (FG) Record and the relevant elements are required reporting for community schools during the SOES Student Contact (S) Collection. ~~This record is optional reporting for all districts during the E Transcript (E) and Student Record Exchange (X) Collection Requests.~~

### **General Guidelines**

The Student Contact Address data elements are reported for the SOES Student Contact (S), ~~E-Transcript (E), and Student Record Exchange (X)~~ Collection Requests only. The data describes the current address information for a student contact. The Local Education Agency (LEA) may report one or more record(s) for each contact reported. ~~For the E-Transcript Collection, only one record per student contact should be reported.~~

The Student Contact (FF) Record and the corresponding Student Contact Address (FG) Record must match the EMIS Student ID and Contact Sequence Order Number.

The elements appear in alphabetical order.

When a date is provided, the address is applied to the records inclusive of that date. A contact may have more than one reported address as long as the Effective Start Date reported for each address is unique.
