After consulting the Office for Exceptional Children, we have determined that, although we cannot completely delete these attributes this year, we are able to make reporting them optional for FY21. Please see the EMIS Newsflash dated May 6, 2021 for this announcement. I hope this update will ease the data reporting burden.

Thank you for your feedback and interest in EMIS. The data that districts and community schools report to the Ohio Department of Education play a critical role in shaping students' opportunities.
