

EMIS Change 22-62

This change updates Assessment Type Code option OGT to HS Alt Assessment and removes Assessment Area option W-writing.

2.14 STUDENT SPECIAL EDUCATION GRADUATION REQUIREMENT (FE) RECORD

General Guidelines

This record is reported whenever an IEP determination is made to add, confirm, or cancel an exemption from the consequences of any graduation assessment and/or individual graduation assessment areas.

If the record is being used to report a granting of an exemption in a particular Assessment Type/Area combination, it is reported in the first school year of the IEP determination and every year thereafter, thereby confirming that the IEP team has continued the exemption on the IEP. This is true even if there is no change in the granted exemptions from one IEP to the next.

If the record is being used to report removing or canceling an exemption in a particular Assessment Type/Area combination, removal of the exemption is reported in the initial year of the IEP change and optionally thereafter.

If a student is never exempted from a particular Assessment Type/Area combination, then it is not necessary to report a Student Special Education Graduation Requirement (FE) Record for that combination.

Separate records are submitted per graduation assessment type/area. ~~For example, if the student no longer needs to meet the passing requirements of three of the five OGT subjects, then three records must be reported.~~

When this record is reported, a matching Student Special Education (GE) Record (matching on Date and Date Type) must be reported for the IEP that reflects the determination of the exemption(s). The exception would be when reporting for the Graduation (G) Collection. The Student Special Education (GE) Record would not be reported for the Graduation (G) Collection.
