

## EMIS Release Notes - Updated Manifest

**Collection Request Name:** First Staff and Course Collection (FY15)

**Description of Change:** Bug fixes: SQL exception error and critical error message on Student Course (GN) Record, see below for record types effected.

**Planned Availability Date:** 2/11/2015

**Version Number:** 5

**Updated Version Requires:**

- **Starting a new/restarting the current collection of data?** No
- **Running a new prepare of the collected data?** Yes
- **Replacing any data already submitted to ODE with a new submission?** Yes

**“Updated Version Requires” Additional Information:** N/A

**Known Issues Resolved:**

- A SQL exception message was being generated for any district running SQL server database engine 2005. There was no impact to anyone running a higher version of the database server.
- Critical error message GN.0012 was being incorrectly generated for withdrawn students.

**New or Updated Level 1 Validation:** None

Error #	Description of Change
GN.0012	Critical error will be raised only for students who have not been reported in a student collection.

**New or updated reports:** None
