Topics

- ODDEX Review and Clarifications
- FY2015 Cleanup and Closeout
- Enrollment and FTE Related Reports
- FY2016 Rollout
- Financial Reporting
Community School SOES Roles

- Read only for all CS data
  - Superintendent
  - EMIS Coordinator
  - EMIS Manager
  - EMIS Director
  - Data View – SOES

- Comment capability
  - Superintendent
  - Commenter – SOES

- Ability to modify district settings
  - Superintendent
  - Application Manager – ODDEX
Review of SOES Data

- Community schools submit to ODE Report Authority data based on EMIS reporting requirements
  - A portion of data is used for SOES
- Community Schools submit to SSDT Report Authority contact data for SOES
Review of SOES Data

- ODE sends to SSDT portion of EMIS data submitted by Community School
  - Only what is needed for SOES
  - Limited set of data elements
  - Derived enrollment dates
  - Inactive status records
SSDT merges SOES data provided by ODE with SOES contact data received for each SSID

- Results appear in ODDEX/SOES
  - Same data is visible by Community Schools and Traditional districts
  - View of data by 2 entity types is different

Resident district flagging can then occur

- Review flag values for each SSID and reporting IRN combination are sent by SSDT to ODE
SOES Derived Enrollments

- Enrollment range for each set of unique values on SOES elements

- Start Date latest of
  - Start of school year
  - FS and/or FD Start Date
  - FS Admission Date

- End Date earliest of
  - End of school year
  - FS and/or FD End Date
Inactive Records SOES

- ODE process determines when a record is inactive and ODE sends inactive status to SSDT
  - i.e., wrong DOR reported
- Records show with a strikethrough
  - Data becomes ‘Read only’ for all districts involved
  - Strikethrough is applied to all data associated with inactive record
    - Any review flags on these are turned off/cleared
SOES Clarification

- SOES flags are an important part of funding, and flagging data from SOES is used in the funding process, but

- Actual student enrollment details used in the funding process come directly from the Data Collector submissions of the SOES enrollment data to ODE
SOES Clarification

Implications:

- Flags from SOES only relevant if flag was placed by the currently reported District of Residence in EMIS; no impact by “old” flags
  - No need to convince incorrectly reported district of residence to remove a flag
- If update of SOES displayed data is delayed, student still funded on latest submitted data
Student Cross Reference Roles

- Read only for all student data
  - Superintendent
  - EMIS Coordinator
  - EMIS Manager
  - EMIS Director
  - Data View – SCR

- Comment capability
  - Superintendent
  - Commenter – SCR

- Ability to modify district settings
  - Superintendent
  - Application Manager – ODDEX
Review of SCR Data

- All EMIS reporting entities submit to SSDT Report Authority data for Student Cross Reference (SCR)
  - Data as submitted appears in ODDEX/SCR
  - Records can get set to inactive
- District with a reported SSID in current year can see SCR data for student
  - SCR viewable does not make student viewable in SOES
  - District can not see SSID if they have not reported the SSID to SCR
Review of SCR Data

- First date each SSID is received by Report Authority is recorded
  - Date *will* get sent to ODE along with Reporting entity IRN and SSID
- EMIS data submitted to ODE since FY10 was populated into SCR
  - Student name was not included
SCR Conflicts

Rules added to SCR
  › Overlapping enrollment
  › Percent of time
  › Withdrawn to
  › Admitted from

Rules yet to be added
  › Records not reported by entity being pointed to
SCR Conflicts

- Records detected with a conflict will be flagged and included on the Landing Page

**SCR Enrollment Comparisons**

</tbody>
</table>
SCR Conflicts

- Use conflict grid for verifications
  - Identify enrollment issues more easily
  - Errors can get resolved before they impact a higher level of data reporting

- Comments can be added to conflict
  - Other districts involved can see comments entered
SCR Conflicts

- Conflicts get resolved when changed data gets submitted to SCR by one or more of districts involved in conflict

- Resolved conflicts
  - Changed to include strikethrough of data
  - Identified conflicts will not disappear

<table>

</tbody>
</table>
SCR Clarifications

- Conflicts indicated in the SCR part of the application do not directly impact funding, but
- If SOES and SCR data are in sync, an overlapping enrollment conflict in SCR indicates that overlapping days will not be included in the FTE calculation for that student
- SCR used for 30 day rule
- Conflicts should be resolved, could impact other reports (e.g., Grad Rate)
Review of History Data

- All data submitted to SCR automatically goes to History - no separate submission for History
- Districts can not see SSID if they have not reported the SSID to SCR, past or present
- History data is informational, does not impact funding
Review of History Data

- Past enrollments, current enrollment and where the student enrolled next are viewable to any entity with a connection to an SSID
- Select the proper year
  - Impacts the records viewable
FY2015 Cleanup and Closeout

- ODE committed to getting data and funding right - congrats on great improvement
- Student data submissions for FY15 recently extended to November 24 close
- Extension primarily related to accountability reporting and test scores
- If test scores delayed, 11/24 close and following dates may also be delayed
FY2015 Cleanup and Closeout

- 75 day flagging rule still in place, but December 4 last day to place a new flag based on updated CS data
- January 7 last day for District of Residence to remove a flag
- January 8 last day for Community School to appeal a flag to Area Coordinators
FY2015 Cleanup and Closeout

- FY15 Final #1 payment included with August FY16 payment
- FY15 Final #2 payment expected in November
- Final FY15 enrollment and flagging data planned for inclusion in February
Enrollment and FTE Reports

Five items to help with final cleanup

- Review and resolve flags in SOES
- Review and resolve conflicts in SCR
- Enrollment reports in Data Collector preview
- FTE reports in Data Collector Level 2s
- CS Fatal Error reports
Enrollment and FTE Reports

- In addition to current, recently added previous enrollment report to Data Collector
Enrollment and FTE Reports

- Prior enrollment includes withdrawals, both reports now include more dates

Enrollment and FTE Reports

- All impacts on funding being added to FTE reports
- Fatal Error report will be fully incorporated into FTE report in Data Collector
- FTE report tied to payment - additional reports will be added for each Final payment
- Errors, overlapping enrollment, and flags reflected in potential vs. actual FTE
Enrollment and FTE Reports

</tbody>
</table>
Enrollment and FTE Reports

- For FY16, additional fields will be added to the FTE report
- In addition, daily updates and detailed reports to show specific reasons for differences between potential and actual FTE
FY 2016 Rollout

- Calendar reporting underway
- SCR and SOES Enrollment reporting for FY16 starts by next week
- SOES Contact reporting starts before end of August
- Will be some time between start of address reporting and start of district reviews
FY 2016 Rollout

- For FY16 payments, pull new school enrollments in August, continuing school enrollments in September.
- Reports and processes already in place for FY15 will carry forward to FY16 - much less delay.
- Reasons for district to flag a student in FY16 under review (definitely no more overlapping enrollment flag).
Financial Reporting

- FY 2015 financial reporting open from July to end of September
- Critical for report card and maintenance of effort (MOE) calculations
- FY15 reports coming later this month
- FY14 reports may be needed for upcoming audits
New EMIS Coordinator Training

- August 17th or 26th, 8:30 am to 3:45 pm
- Registration required
  - Available in STARS
    - Closed for 17th, but if only date that can work, send email to emis@education.ohio.gov
  - Must have SAFE Account
  - Must complete STARS User Profile
  - Search for keyword “EMIS” within STARS to locate training.
