

## Appendix D - Position Assignments

### Position Assignment Codes

The position assignment codes group the kinds of work staff members perform within the school district into general categories and divide these categories (or classifications) into activity assignments describing the major activities of each position.

The assignments identify the staff member by his or her duties rather than by his or her job title, since job titles for the same position may differ across the state.

The Position Assignment Code consists of three (3) digits. Each district is to use those codes necessary or applicable.

Position Assignment numbers are assigned by the Auditor of State.
