

### EMIS Release Notes- Updated Manifest

**Collection Request Name:** Spring DORP Assessment Collection FY16

**Description of Change:** Added missing report.

**Planned Availability Date:** 7/11/2016

**Version Number:** 2

**Updated Version Requires:**

- **Starting a new/restarting the current collection of data?** No
- **Running a new prepare of the collected data?** Yes
- **Replacing any data already submitted to ODE with a new submission?** For some EMIS reporting entities

**“Updated Version Requires” Additional Information:** DORP community schools must re-prepare the data to see the new missing list. If no students are missing, then a resubmission may not be required if the data set in the latest prepare matches the data set last used to submit the DORP assessment results.

**Known Issues Resolved:**

**New or Updated Level 1 Validation:**

Error #	Description of Change

**New or updated reports:** Missing and Unexpected Reports
