## JOINT VOCATIONAL SCHOOL DISTRICTS PAYMENT REPORT

The February SFPR displays various elements of foundation formula. The bulk of the foundation funding JVS districts receive in FY2021 is based on total calculated funding in FY2019, the amount that appears on line N of the FY2019 SFPR without any adjustments. This means no calculation is called for determining this funding amount. This is reflected on line A as foundation formula funding on the report.

Student Wellness and Success funding is a new funding component under FY20 and FY21 'additional aid items' on-line B. This funding element was introduced by Am. Sub. HB 166 for implementation in FY2020. The law requires us to distribute half of the calculated annual amount in October and the other half in February. The first installment of this funding in FY2021 was distributed with October payment. Prior to the calculation of the second installment of this fund, the legislature passed Am. Sub. S.B. 310, which directed ODE, in consultation with the Office of the Budget and Management to utilize the entire FY2021 appropriation for this fund. The February distribution includes a new guarantee mechanism. Every district will receive at least 131% of their FY2020 Student Wellness and Success Fund payment in FY2021.

The FY21 SFPR includes all the funding transfers and adjustments under 'transfers and adjustments' on line D through G, line H reflects the total amount of transfers and adjustments. The 'net state foundation funding' is reflected on line I after all of the transfers and adjustments.
