SUBJECT: May FY2017 Community School Payment
DATE: May 10, 2017

This is the 11th payment of FY17 and uses the updated formula and factors based on the provisions of Am. Sub. H.B. 64 (the FY16-17 budget bill). FY17 enrollment data was used for all community schools. The sections below contains additional information on the FY17 May and future payments.

FY17 Payment Dates

Payments to community schools are made no later than the 10th business day of each month. The scheduled payment dates for FY17 are as follows:

July 14, 2016	January 12, 2017
August 11, 2016	February 9, 2017
September 14, 2016	March 13, 2017
October 13, 2016	April 13, 2017
November 10, 2016	May 11, 2017
December 13, 2016	June 12, 2017

Disability, No IEP Adjustment

Beginning with the May payment, Special Education weighted funding was reduced to reflect any FTE adjustments for students with disabilities that do not have a valid IEP in place. If a valid IEP is subsequently reported or if an NIEP is reported to indicate that services were still being provided when an IEP was not in place, then the Special Education weighted funding will be restored and distributed across future payments.

Schools should pay close attention to their FTE Detail and FTE Adjustment reports to determine which students have the “Disability, no IEP” adjustment. The FTE Adjustment report will indicate the amount of FTE being adjusted along with the dates during which an IEP is missing. The FTE Detail report will indicate the Special Education weighted FTE net of any adjustments. Base ADM funding is not affected by this adjustment.

Community School Payment Report and Data

The May payment report is a comprehensive tool designed to walk the user through every step of the funding formula and shows the payment calculations. This report is commonly known as the School Finance Payment Report (SFPR).
