

**TO:** Community School Administrators  
**FROM:** The Office of Budget and School Funding  
**SUBJECT:** May Community School Payment  
**DATE:** May 12, 2015

This payment reflects formula and factors that are based on provisions of Am. Sub. H. B. 59, the FY2014-15 budget bill, using reported FY2015 data for all enrollment data.

The May payment continues the phase in of flags placed by resident districts to community school students. Much progress has been made in the previous month by all parties to resolve flags. ODE again took steps to limit the impact of flags for some community schools this month. The payment is based on students reported as of April 16<sup>th</sup>. Only flags placed on a student prior to March 16<sup>th</sup> were applied. For schools with less than 3 percent of their students flagged, the full weight of the flag is applied. For community schools where the percent of students flagged is in excess of 3 percent, ODE performed a manual override of the flags so that no community school will see a reduction in FTEs that exceeds 6 percent. ODE will continue to monitor the flagging resolution process and work to limit severe disruptions to the remaining foundation payments.

Payments to community schools are made no later than the 10th business day of each month. The tenth business days for fiscal year 2015 are as follows:

- Transportation payments are based on actual data submitted through SOES in FY2014 for community schools that provide direct transportation to their students.

An approximate FY15 amount was calculated for each new CTE program. Sixty-six percent of that FY15 estimated amount was selected for this phase-in adjustment. The amount appearing on the March statement of settlement represents three-fourths of that amount with the remaining one-fourth to be paid over the remaining payments until such time as the FY15 EMIS reported CTE data is utilized for payment calculation.
