RE: November 2010 Foundation Payment #1

DATE: November 1, 2010

This payment reflects the factors in Am. Sub. H.B.1 of the 128th General Assembly.

Foundation Payments

Foundation payments are calculated according to the Evidenced-Based Model (EBM) and reported on the PAthway to Student Success (PASS) form. The PASS worksheet displays the detailed data and calculations that support the funding reported on the PASS form. Reference manuals for the PASS form and the PASS worksheet are posted on the ODE web site. These calculations were updated to reflect FY2011 changes.

EMIS October Count for Funded ADM

For the current payment, FY2010 EMIS data as of 4/23/2010 and FY2010 Community School and EdChoice counts were used in the add-in for the ADM calculation. FY2009 data is still being used for the number of students for the Autism Scholarship add-in.

FY2011 Updates

Community school deductions were updated to the current year deductions.

EdChoice deductions were updated to the current year deductions.

Preschool Units

Preschool unit calculations were paid at 99.652415% in this payment.

Statement of Settlement

Monthly Payment Calculations – Continuing with this payment, the statement of settlement contains a new blended approach to calculating payments and recoveries: a percentage based method is used for payments and the installment method used in calculating the bi-monthly payment amount in previous fiscal years is used for recovery of overpayments.

We have posted a spreadsheet to assist districts with the percentage based calculations used for the statement of settlement at:
