RE: August 2010 Foundation Payment #1
DATE: August 3, 2010

This payment reflects the factors in Am. Sub. H.B.1 of the 128th General Assembly.

Foundation Payments

Foundation payments are calculated according to the **E**videnced-**B**ased **M**odel (**EBM**) and reported on the **PA**thway to **S**tudent **S**uccess (**PASS**) form. The PASS worksheet displays the detailed data and calculations that support the funding reported on the PASS form. Reference manuals for the PASS form and the PASS worksheet are posted on the ODE web site. These calculations were updated to reflect FY2011 changes.

EMIS October Count for Funded ADM

For the current payment, FY2010 EMIS data as of 4/23/2010 and FY2010 Community School and EdChoice counts were used in the add-in for the ADM calculation. FY2009 data is still being used for the number of students for the Autism Scholarship add-in.

FY2011 Updates

EdChoice deductions were updated to an estimate based on the scholarships awarded for FY2011.

Preschool Units

Preschool unit calculations were paid at 99.5460650% in this payment and updated to reflect the unit based on FY2010 EMIS data.

Board of Developmental Disabilities Deductions

There is no provision or calculation of a deduction from the resident school district and the Board of DD deduction as part of "other adjustments" on the PASS form has been eliminated.

Statement of Settlement

JV98, JV99 – Excess cost tuition adjustments are included in this payment.

Monthly Payment Calculations – Continuing with this payment, the statement of settlement contains a new blended approach to calculating payments and recoveries:

a percentage based method is used for payments and the installment method used in calculating the bi-monthly payment amount in previous fiscal years is used for recovery of overpayments.

We have posted a spreadsheet to assist districts with the percentage based calculations used for the statement of settlement at: http://education.ohio.gov/GD/DocumentManagement/DocumentDownload.aspx?DocumentID=83748

ESC

The state per pupil amount of $37.00/$40.52 for multi-county ESC's is paid at 100% for locals, cities/exempted villages, and community schools. Budget reductions included in Sub. H.B. 1 were subsequently applied reducing each ESC's annual amount by 10.657792% of the calculated total.

Special education transportation was carried forward from FY2010.

Preschool unit calculations were paid at 99.5460650% in this payment and updated to reflect the unit based on FY2010 EMIS data.

Boards of Developmental Disabilities

Funding for students attending a Board of Developmental Disabilities has been carried forward from FY2010. Per Section 265.30.20 of Am. Sub. H.B. 1, the payment and distribution formula in 3317.20 was overwritten with a calculation whereby a per pupil amount for the prior fiscal year is calculated as the total funding received divided by the number of students served. Each Board of DD will receive this per pupil amount increased by 0.75% and multiplied by the number of school-aged pupils served in the current year.

Special education transportation was carried forward from FY2010.

Preschool unit calculations were paid at 99.5460650% in this payment based on updated FY2010 data from the Office of Early Learning and School Readiness. The school age payment is based on the October 2009 ADM data as submitted to the
