Re: 2017-2018 Annual Report

Dear Mr. Shepherd,

Ohio law requires the Department to complete an annual review of the performance of the School. The Ohio Department of Education, Office of School Sponsorship, evaluates the School based upon its academic, fiscal, organizational/operational performance, and legal compliance. During the 2017-2018 school year, the Department began working on its strategic plan which looks at the impact of education on the whole child. As a result, a large part of the School's evaluation will consider the School's impact on the whole child.

As a result of the review, the Office of School Sponsorship has determined that the School serves as a quality school option for grades kindergarten through eight. The school encourages student academic, social, and emotional growth of the child. Its unique approach to education has shown in the overall state report card. It is clear that the school is a true community school and staff, parents and the governing authority are dedicated to the success of the students and, in turn, the School. The School is rated as **meets the expectations of the Office of School Sponsorship**. Our office is looking forward to working with the School during the school year.

Academic Performance

Overall, the School's performance is meeting expectations of the Department. The School performs well above the local school district and is a quality school choice for the students and the community. A more detailed review of the School's overall academics is contained in the attachments as well as available on the Department's website at reportcard@education.ohio.gov. The School's governing authority and leadership are dedicated to ensuring the school's continued success. Watching the teachers engage students and ensure that each child's academic needs are met is truly inspiring.

Fiscal Performance

Overall the School meets the expectations of fiscal performance. A detailed analysis may be reviewed in the attachment.

Legal Compliance

During the 2017-2018 school year, we reviewed the School's policies and procedures to ensure compliance with the over 200 state laws and rules applicable to community schools. We appreciate the School's desire to work closely with our office in drafting and revising policies to

ensure compliance with our office's standards as well as statutory requirements. We have broken down the compliance into several sections and your compliance with each section is identified in the chart:

Category	Total Compliance Items	Items Compliant
Academic	80	79
Data and Technology	16	16
Enrollment/Admissions/Attendance	20	20
Fiscal	20	20
Governance and Employment	60	55
Health and Safety	34	34
Transportation	17	15
Other policies	11	11

We appreciate the School's hard work over the year.

Organization and Operational Performance

Operationally, the School has strong organizational and operational leadership. The School's leadership team is committed to school improvement and continuing to have a strong relationship with the community. The School's governing authority is present in the school and is working on ensuring that the school remains viable for many years to come. Overall the School is in compliance with its contract, the staff is committed to the students, and the governing authority is committed to the continued viability of the school.

The 2018-2019 School Year

Looking ahead to the 2018-2019 school year, we hope to continue to partner with the school as it is a strong community school choice in the Cleveland area. Our office will continue to be a partner to the School this year and in the future.

Sincerely,

Sheila P. Vitale

West Park Academy Performance Framework

The Performance Framework serves as the foundation for the performance and accountability plan for schools sponsored by the Ohio Department of Education's Office of School Sponsorship. The framework evaluates the school in four equally rated areas: academic and student performance; financial performance; operational performance; and additional evidence of the effectiveness of the community school.

Academic and Student Performance

The goals in this section are measured based on the school's own academic and student performance measures, as well as the statewide similarly situated schools and comparable community schools.

In measuring the school's academic indicators, certain report card measures identified as "weighted report card measures" are areas that are weighted more heavily in considering whether the school is showing marked improvement in academics. The weighted report card measures include a look at the past three years of school performance and include a narrative regarding whether the school is making improvement year over year.

Additional consideration is given to schools that increase any component grade one level over the previous year. The school must have received a rating for the component grade in the prior school year for the school to receive additional consideration that it is meeting or exceeding goals.

The comparison groups by which the school is measured is an important tool in determining whether the school is meeting its academic goals. If a school meets or exceeds the results of the comparison group, the school will be considered to have met its goals. This measure also includes a narrative regarding the school's performance over the past three years compared to the comparison groups.

Weighted Report Card Measures

Key	Exceeds Goals	Meets Goals	Making Progress Toward Goals	Needs Improvement	Three-Year Comparison
Performance Index	Grade A or B or exceeded the overall statewide average.	Grade C or meets the overall statewide average.	Grade D and is below the overall statewide average or an increase of 10 percent.	Grade F and is below the overall statewide average.	Changed from F to D
Value-Added	Grade A or B	Grade C	Grade D	Grade F	Improved from B to A
K-3 Literacy	Grade A or B	Grade C	Grade D	Grade F	Slight drop in students remaining on track; went from B to C.
4-Year Graduation Rate	Meets district average	10 percent below district average.	Greater than 10 percent below but less than 20 percent below district average.	Greater than 20 percent below district average.	Not Rated
5-Year Graduation Rate	Meets district average as identified on report card	10 percent below district average as identified on report card. Financial Performance

The financial performance looks at the financial status of the school to determine whether the school is financially viable.

Key	Notes	Compliant	Noncompliant and Corrective Action Required
Annual Audit		The most recent audit contains no findings for recovery, noncompliance citations, questioned costs or material weaknesses.	The most recent audit contains findings for recovery, noncompliance citations, questioned costs, material weaknesses or findings for recovery.
Fiscal Officer		The governing authority ensures that the fiscal officer (treasurer) timely and accurately provides financial information to the sponsor.	The fiscal officer (treasurer) did not timely and accurately provide financial information to the sponsor.

Notes:

The School's 2017 report was not filed within the 150 day deadline. The latest audit report recommended filing the School's GAAP financial reports with the Auditor of State's LGS Division office within the 150 day deadline.

Key Financial Indicators of Fiscal Stability

Key	Definition	Measure	Meets Fiscal Standards	Approaching Fiscal Standards — Fiscal Plan Should be Adopted by the Governing Authority	Not Meeting Fiscal Standards – Corrective Actions Required and Sponsor-Approved Fiscal Plan Required
Current Ratio	Current Assets divided by Current Liabilities.	Identifies the current assets an agency has that easily can be changed into cash to pay current expenses.	≥ 1.5	$\geq 1.0, < 1.5$	< 1.0
Current Ratio (Multi-Year)	Current Assets divided by Current Liabilities for multiple years (three to five years).	Identifies the current assets an agency has that easily can be changed into cash to pay current expenses.	≥ 1.5 & Trends Up	$\geq 1.0, < 1.5$ & Stable	< 1.0 Trends Down
Working Capital	Current Assets minus Current Liabilities.	Measure of an entity's liquidity. If current assets exceed current liabilities, the entity is not expected to suffer from liquidity crunch in the near future. A negative working capital amount indicates the entity may not be able to pay its current liabilities when due.	Positive	Zero	Negative
Debt Ratio	Total Liabilities divided by Total Assets.	Measures the portion of the assets of a business that are financed through debt; a lower value is favorable because it indicates that a lower portion of assets is claimed by creditors. The amount identifies the percentage of assets financed through debts.	0 – 20%	$> 20\%, < 40\%$	$> 40\%$
Days Cash	Number of calendar days an entity can meet its current obligations using current cash balance including cash equivalents.	Measures calendar days a business can continue to operate without additional cash or resources from external sources.	30-60 Days	15-30 Days	< 15 Days

Key	Definition	Measure	Meets Fiscal Standards	Approaching Fiscal Standards — Fiscal Plan Should be Adopted by the Governing Authority	Not Meeting Fiscal Standards – Corrective Actions Required and Sponsor-Approved Fiscal Plan Required
Accounts Payable Past Due	Amounts owed to suppliers.	Identifies ability of entity to pay suppliers in a timely manner, usually within 30 days or payment is considered late. Identifies ability of entity to pay suppliers in a timely manner, usually within 30 days or payment is considered late.	=<30 Days	30-60 Days	>60 Days
Cash Flow (Operating)	Identifies how changes in balance sheet accounts and income affect cash and cash equivalents. (Source: Online)	Measures an entity's ability to generate positive cash flow from its primary (core) business activities. OCF=Income before interest and taxes + Depreciation + Amortization – Taxes.	Positive	Zero	Negative
Total Margin (Ratio)	A measure of the ability of an entity to generate excess revenue over expenditures. (Source: Online)	Measures the financial health of an entity. Total Margin = (Revenues – Expenses)/Total Revenue. Favorable if 25 percent (0.25) or greater.	>25% or >0.25	=>15% <25%	<15% or <0.15
FTE claw back	The school over-reported the number of full- time equivalent students and has received an overpayment from the Department.	Measures the financial health of the school and the additional debt of the school.	No claw back	Claw back less than \$500,000	Claw back greater than \$500,000

Current Assets: Cash, cash equivalents, accounts receivable, prepaid expenses, inventories and other items of value that can be converted to cash quickly.

Current Liabilities: Accounts payable, accrued expenses and liabilities, notes payable or short-term borrowings and the current portion of long-term debt.

Notes:

Operational Performance

The operational performance of the school looks at various areas of the school's compliance with laws and rules and licensure. Specifically, operational performance looks to how the school operationally takes steps to ensure it is able to offer a quality educational option to its students. This factor looks at teachers, special education, use of federal funds and the effectiveness of the school's governing authority.

Key	Notes	Compliant	Noncompliant and Corrective Action Required
Appropriate Certification and Licensure		Each credentialed staff member holds the appropriate credential for his/her assigned position.	Some educators are not appropriately licensed for their assignment according to state statute.
Annual Report		Parents and sponsor received the school's annual report by the last day of October. The report was complete, accurate and included a self-evaluation of the school's performance over a multi-year period.	Parents and sponsor did not receive the school's annual report by the last day of October. The report was not complete and/or not accurate and/ or did not include a self-evaluation of the school's performance over a multi-year period.
Management Company Evaluation		Governing authority annually evaluates the management company's performance and provided the sponsor a copy of the evaluation.	Governing authority did not annually evaluate the management company's performance or did not provide the sponsor a copy of the evaluation.
Corrective Action Plans		School satisfied all corrective action plans in a timely manner.	School did not fully satisfy all corrective action plans in a timely manner.

Notes:

There was not any evidence of resolving all corrective action plan items from the 2017-2018 school year. The sponsor must receive evidence of the governing authority's annual assessment of the management company's performance.

Operational Performance - Continued

Key	Compliant	Not Compliant	N/A
Federal Programs: Carryover Funds ¹	No large carryover of funds indicating ---.	Large carryover.	
Federal Programs: Timely Submission of Consolidated Application	Application submitted by July 1.	School submitted application late.	
Federal Programs: Timely and Complete Monitoring Documentation	Requested documentation or self-survey was submitted by the requested date.	Requested documentation and/ or self-survey was submitted with incomplete information and/or did not meet deadline.	
Federal Programs: Noncompliance Issues with ESEA Law	School has no programmatic or fiscal compliance issues over the last three years.	School did experience a programmatic or fiscal compliance issue over the last three years or the school has unresolved programmatic issues.	

¹ "Large carryover" is defined as 15 percent or more of Title I-A and more than 30 percent from other grants.

Overall Results of School Performance Evaluation Narrative:

The Office of School Sponsorship is very pleased with West Park Academy's continued growth to improve academics over the last few school years. With the help of the management company, Accel Schools, the current school leadership is able to focus on the student performance. Financially, the academy is in a good position. See the latest sponsor site visit report for more commentary about the school's operations and adherence to laws and rules.
