November 30, 2018

Johnsene Compton, Governing Authority Chairperson Youngstown Academy of Excellence 1408 Rigby Street Youngstown, Ohio 44506

Re: 2017-2018 Annual Report

Dear Ms. Compton,

Ohio law requires the Department to complete an annual review of the performance of the School. The Ohio Department of Education, Office of School Sponsorship, evaluates the School based upon it's academic, fiscal, organizational/operational performance, and legal compliance. During the 2017-2018 school year, the Department began working on its strategic plan which looks at the impact of education on the whole child. As a result, a large part of the School's evaluation will consider the School's impact on the whole child.

As a result of the review, the Office of School Sponsorship has determined that the School serves as a quality school option for grades kindergarten through eighth grade in the Youngstown area. The school has worked hard on improving literacy and this hard work is showing in the state report card. The School is rated as **workings toward meeting the expectations of the Office of School Sponsorship**. Our office is looking forward to working with the School during the upcoming school year.

Academic Performance

Overall, the School's performance is meeting expectations of the Department. The School performs well above the local school district and is a quality school choice for the students and the community. A more detailed review of the School's overall academics is contained in the attachments as well as available on the Department's website at reportcard@education.ohio.gov. The School's governing authority and leadership are dedicated to ensuring the school's continued success.

Fiscal Performance

Overall the School is working towards meeting the expectations of fiscal performance. While the management company oversees the financial performance of the school, the school must focus on debt reduction to ensure financial viability of the school. A detailed analysis may be reviewed in the attachment.

Legal Compliance

During the 2017-2018 school year, we reviewed the School's policies and procedures to ensure compliance with the over 200 state laws and rules applicable to community schools. We appreciate the School's desire to work closely with our office in drafting and revising policies to

ensure compliance with our office's standards as well as statutory requirements. We have broken down the compliance into several sections and your compliance with each section is identified in the chart:

Category	Total Compliance Items	Items Compliant
Academic	80	80
Data and Technology	16	16
Enrollment/Admissions/Attendance	20	20
Fiscal	20	20
Governance and Employment	60	59
Health and Safety	34	34
Transportation	17	17
Other policies	11	11

We appreciate the School's hard work over the year.

Organization and Operational Performance

Operationally, the School has strong organizational and operational leadership. The School's leadership team is committed to school improvement and continuing to have a strong relationship with the community. The School's governing authority is present in the school and is working on ensuring that the school remains viable for many years to come. Overall the School is in compliance with its contract, the staff is committed to the students, and the governing authority is committed to the continued viability of the school.

The 2018-2019 School Year

Looking ahead to the 2018-2019 school year, we hope to continue to partner with the school as it is a strong community school choice in the Youngstown area. Our office will continue to be a partner to the School this year and in the future.

Sincerely,

Sheila P. Vitale

Sheila P. Vitale, Esq. Director, Office of School Sponsorship

Youngstown Academy of Excellence 2018 Performance Framework

The Performance Framework serves as the foundation for the performance and accountability plan for schools sponsored by the Ohio Department of Education's Office of School Sponsorship. The framework evaluates the school in four equally rated areas: academic and student performance; financial performance; operational performance; and additional evidence of the effectiveness of the community school.

Academic and Student Performance

The goals in this section are measured based on the school's own academic and student performance measures, as well as the statewide similarly situated schools and comparable community schools.

In measuring the school's academic indicators, certain report card measures identified as "weighted report card measures" are areas that are weighted more heavily in considering whether the school is showing marked improvement in academics. The weighted report card measures include a look at the past three years of school performance and include a narrative regarding whether the school is making improvement year over year.

Additional consideration is given to schools that increase any component grade one level over the previous year. The school must have received a rating for the component grade in the prior school year for the school to receive additional consideration that it is meeting or exceeding goals.

The comparison groups by which the school is measured is an important tool in determining whether the school is meeting its academic goals. If a school meets or exceeds the results of the comparison group, the school will be considered to have met its goals. This measure also includes a narrative regarding the school's performance over the past three years compared to the comparison groups.

Weighted Report Card Measures

Key	Exceeds Goals	Meets Goals	Making Progress Toward Goals	Needs Improvement	Three-Year Comparison
Performance Index	Grade A or B or exceeded the overall statewide average.	Grade C or meets the overall statewide average.	Grade D and is below the overall statewide average or an increase of 10 percent.	Grade F and is below the overall statewide average.	
Value-Added	Grade A or B	Grade C	Grade D	Grade F	
K-3 Literacy	Grade A or B	Grade C	Grade D	Grade F	
4-Year Graduation Rate	Meets district average	10 percent below district average.	Greater than 10 percent below but less than 20 percent below district average.	Greater than 20 percent below district average.

Comparison with Peers

Key	Meets	Making Progress	Needs Improvement	Three-Year Comparison
Performance v. District of Residence – Performance index		Performed at the level of or above the district of residence.	Performed at the level of or above the district of residence.	
Performance v. Statewide Similarly Situated Community Schools – Performance Index	Similar schools are based on the community school's characteristics: - Dropout Prevention and Recovery Schools.	Performed at the level of or above similar community schools.	Performed below the level of similar community schools.	

Notes:

The school is seeing improvement in their 3rd grade ELA program, and made more progress than expected in ELA for all grades compared to statewide expectations. Science also is madding similar progress to statewide expectations. Their GAP closing score shows progress in all subgroups, with each subgroup PI being statistically about the same.

Other Report Card Measures

Key Financial Indicators of Fiscal Stability

Key	Definition	Measure	Meets Fiscal Standards	Approaching Fiscal Standards — Fiscal Plan Should be Adopted by the Governing Authority	Not Meeting Fiscal Standards - Corrective Actions Required and Sponsor- Approved Fiscal Plan Required
Current Ratio	Current Assets divided by Current Liabilities.	Identifies the current assets an agency has that easily can be changed into cash to pay current expenses.	=>1.5	=>1.0, <1.5	<1.0
Current Ratio (Multi-Year)	Current Assets divided by Current Liabilities for multiple years (three to five years).	Identifies the current assets an agency has that easily can be changed into cash to pay current expenses.	=>1.5 & Trends Up	=>1.0, <1.5 & Stable	<1.0 Trends Down
Working Capital	Current Assets minus Current Liabilities.	Measure of an entity's liquidity. If current assets exceed current liabilities, the entity is not expected to suffer from liquidity crunch in the near future. A negative working capital amount indicates the entity may not be able to pay its current liabilities when due.	Positive	Zero	Negative
Debt Ratio	Total Liabilities divided by Total Assets.	Measures the portion of the assets of a business that are financed through debt; a lower value is favorable because it indicates that a lower portion of assets is claimed by creditors. The amount identifies the percentage of assets financed through debts.	0 – 20%	>20%, <40%	>40%

Key Financial Indicators of Fiscal Stability - continued

Key	Definition	Measure	Meets Fiscal Standards	Approaching Fiscal Standards — Fiscal Plan Should be Adopted by the Governing Authority	Not Meeting Fiscal Standards - Corrective Actions Required and Sponsor- Approved Fiscal Plan Required
FTE claw back	The school over- reported the number of full- time equivalent students and has received an overpayment from the Department.	Measures the financial health of the school and the addition-al debt of the school.	No claw back	Claw back less than \$500,000	Claw back greater than \$500,000

Current Assets: Cash, cash equivalents, accounts receivable, prepaid expenses, inventories and other items of value that can be converted to cash quickly.

Current Liabilities: Accounts payable, accrued expenses and liabilities, notes payable or short-term borrowings and the current portion of long-term debt.

Notes:

YAE is a school managed by Accel. Therefore, the financial information provided in this performance framework is a snapshot of their current financial position based upon year end financial report dated June 2018.

Operational Performance

The operational performance of the school looks at various areas of the school's compliance with laws and rules and licensure. Specifically, operational performance looks to how the school operationally takes steps to ensure it is able to offer a quality educational option to its students. This factor looks at teachers, special education, use of federal funds and the effectiveness of the school's governing authority.

Key	Notes	Compliant	Noncompliant and Corrective Action Required
Appropriate Certification and Licensure		Each credentialed staff member holds the appropriate credential for his/her assigned position.	Some educators are not appropriately licensed for their assignment according to state statute.
Annual Report		Parents and sponsor received the school's annual report by the last day of October. The report was complete, accurate and included a self-evaluation of the school's performance over a multi-year period.	Parents and sponsor did not receive the school's annual report by the last day of October. The report was not complete and/or not accurate and/or did not include a self-evaluation of the school's performance over a multi-year period.
Management Company Evaluation		Governing authority annually evaluates the management company's performance and provided the sponsor a copy of the evaluation.	Governing authority did not annually evaluate the management company's performance or did not provide the sponsor a copy of the evaluation.
Corrective Action Plans		School satisfied all corrective action plans in a timely manner.	School did not fully satisfy all corrective action plans in a timely manner.

Notes:			

Operational Performance - Continued

Key	Compliant	Not compliant	N/A
Federal Programs: Carryover Funds ¹	No large carryover of funds indicating	Large carryover.	School does not receive federal program funds.
Federal Programs: Timely Submission of Consolidated Application	Application submitted by July 1.	School submitted application late.	School did not submit an application.
Federal Programs: Timely and Complete Monitoring Documentation	Requested documentation or self-survey was submitted by the requested date.	Requested documentation and/ or self-survey was submitted with incomplete information and/or did not meet deadline.	N/A
Federal Programs: Noncompliance Issues with ESEA Law	School has no programmatic or fiscal compliance issues over the last three years.	School did experience a programmatic or fiscal compliance issue over the last three years or the school has unresolved programmatic issues.	

¹ "Large carryover" is defined as 15 percent or more of Title I-A and more than 30 percent from other grants.

Special Education Indicator 1: Graduation	82.80 percent or more students with disabilities graduated from high school with regular diplomas within four years; compliant.	Fewer than 82.80 percent of students with disabilities graduated from high school with regular diplomas within four years; noncompliant.
Special Education Indicator 2: Dropout	21.80 percent or fewer students with disabilities dropped out of high school; compliant.	More than 21.80 percent of students with disabilities dropped out of high school; noncompliant.
Special Education Indicator 13: Secondary Transition	100 percent : All students with an IEP ages 16 and older must have compliant transition plans in place; compliant.	Less than 100 percent: All students with IEPs ages 16 and older must have compliant transition plans in place; noncompliant.

Notes:

The school received a rating of "Needs Assistance (Year 2)" on the 2017-2018 Special Education Rating. Any areas not rated received a score of "NR".

Additional Evidence of Effectiveness of the School in the Community:

This section measures the school's effectiveness in the community, taking in account the whole child and community involvement. This section is important in determining whether the school is meeting the goal of being a quality school choice in the community.

Key	Meets	Does Not Meet
Community Engagement	Evidence of one or more community engagement activities for the school year.	Some educators are not appropriately licensed for their assignment according to state statute.
Social/Emotional	Evidence of a plan to address social/ emotional needs of the students.	Did not provide sufficient evidence of a plan to address social/emotional needs of the students.
Parent Satisfaction	The school obtained 85 percent or higher parent satisfaction based on surveys of parents during the evaluation year.	The school obtained less than 85 percent parent satisfaction based on surveys of parents during the evaluation year or the school failed to take a parent satisfaction survey.
The School Enrolls a Sufficient Number of Students and Receives Sufficient State Foundation Payments to Support the School's Programs		

Notes:

The school tries to engage their community with little festivals for the neighborhood, by providing social services to families who need assistance and by providing a safe and accepting environment to neighborhood kids looking for an alternative to Youngstown Public Schools.

Key	Exceeds	Meets	Does Not Meet
	The school meets all three: (1) The school has a program in place to support the diverse needs of its students; (2) The school's core mission is clearly incorporated throughout all the school's programs; and (3) The school's professional climate incorporates professional collaboration and teacher development and formal teacher evaluations	The school meets at least two of the following: (1) The school has a program in place to support the diverse needs of its students; (2) The school's core mission is clearly incorporated throughout all the school's programs; or (3) the school's professional climate incorporates professional collaboration and teacher development and formal teacher evaluations.	The school only meets one or none of the following: (1) The school has a program in place to support the diverse needs of its students; (2) The school's core mission is clearly incorporated throughout all the school's programs; or (3) The school's professional climate incorporates professional collaboration and teacher development and formal teacher evaluations.

Notes:
Overall Results of School Performance Evaluation Narrative:
Youngstown Academy of Excellence is a community school managed by Accel. The school has a strong, dedicated staff who deeply care about the kids. Their board is very engaged and active in the school. They take an active role in assisting the administration and ask good questions of their sponsor.
The administration is very focused on improving test scores. The administration is diligent in analyzing data, assisting teachers with additional teaching strategies, and providing tier 2 and 3 interventions to students who need extra assistance.

Ohio School Report Cards

Youngstown Academy of Excellence

Districts and schools report information for the Ohio School Report Cards on specific marks of performance, called measures, within broad categories called components. They receive grades for up to ten measures and six components.

Achievement

The Achievement Component represents whether student performance on state tests met established thresholds and how well students performed on tests overall. A new indicator measures chronic absenteeism.

Performance Index
