

# Identifying English Learners in Ohio

School districts and community schools have a responsibility to identify English learners so they can provide instruction designed to help them use the English language and learn subject matter content. This document describes the two-step process for identifying English learners in Ohio. These guidelines are effective beginning with the 2018-2019 school year.

Schools must complete this process and notify parents or guardians of the student's identification as an English learner within 30 days of enrollment at the beginning of the school year or within two weeks of enrollment during the school year.

## Step 1: Giving the Language Usage Survey

Districts and community schools use the Language Usage Survey to identify students' language experiences and educational backgrounds, as well as the communication preferences of parents and guardians.

- Review this document, including Appendices A, B and C, before administering the language usage survey and English language proficiency screener.
- Designate an adequate number of personnel to administer the language usage survey to meet the needs of new students enrolling in your district or school. Adequate training and the selection of appropriate staff are key to ensuring the validity of the language usage survey and the overall success of the identification.
- Train the personnel administering and reviewing the language usage survey in these procedures and guidance.
- Give the language usage survey the Ohio Department of Education provides ([Appendix A](#)) to all new students enrolling in grades preK-12. When students transfer from other districts or schools, refer to existing records to determine English learner status.
- Use parental communication preferences and home language(s) indicated on the survey to determine language-assistance needs for parents and guardians.

- Provide translation, interpretation and English language supports to ensure meaningful communication during the registration process.
- Review and validate the language usage survey. Trained school employees, preferably those with a TESOL<sup>1</sup> license or endorsement, validate each language usage survey ([Appendix A](#)) with the annotations below.

- Submit information from the language usage survey in the appropriate Educational Management Information System (EMIS) elements, such as home language, native language and immigrant status.

<sup>1</sup> Teaching English to Speakers of Other Languages (TESOL) licensure and endorsement information is available [here](#).

- Keep each student's language usage survey results in his/her cumulative folders. Transfer these records if students relocate to other districts or schools per school and district policy.

## Step 2: Assessing English Language Proficiency

After identifying potential English learners with the language usage survey, schools assess these students' English language proficiency using the Ohio English Language Proficiency Screener (OELPS). The OELPS is the state-provided, standardized tool for determining whether students qualify as English learners eligible to participate in the school's language instruction educational program.

The OELPS aligns with [Ohio's English Language Proficiency Standards](#) and is available in online and paper formats for students in grades K-12. Districts are responsible for administering, scoring and interpreting the OELPS. The Department provides [resources and assistance to schools on how to administer and score the OELPS](#).

To identify English learners in preschool, districts and community schools should select and use a commercial screening tool. The OELPS should not be used with learners before kindergarten enrollment. [Appendix C](#) provides information about several commercial language proficiency screeners.

## Next Steps

**Notify parents of English learner identification and services.** If a student is identified as an English learner, the district or school must notify parent(s) or guardian(s) explaining the child's classification as an English learner and the available services. Information about the [Letters to Parents of Students Identified as English Learners](#) is available on the Department's website.

**Implement language assistance services.** After a district or school has identified English learners with the language usage survey and English language proficiency screener, it must determine and implement the language instruction educational program the student will receive. [Guidelines and information about programmatic options for English learners](#) are available on Department's website.

**Annually assess all English learners.** State and federal law require an annual assessment of K-12 students identified as English learners to measure their English language proficiency. In Ohio, this is the Ohio English Language Proficiency Assessment (OELPA). [Visit the OELPA website for more information](#).

# Resources

## Federal Guidance

The U.S. Department of Education provides resources to help state educational agencies and schools understand their obligations to English learners and families with limited English proficiency:

1. [Dear Colleague Letter](#)  
The U.S. Department of Education, Office for Civil Rights and the Department of Justice produced guidance outlining legal obligations for English learners.
2. [English Learner Tool Kit Updated with ESSA references](#)  
A 10-chapter companion guide to support the above letter, the *English Learner Toolkit* helps state and local education agencies fulfill their legal obligations to English learners.
3. [Information for Limited English Proficient Parents and Guardians and for Schools and School Districts that Communicate with Them](#)  
This fact sheet answers common questions about the rights of parents and guardians who do not speak, listen, read or write English proficiently because it is not their primary language.
4. [Newcomer Tool Kit](#)  
This resource helps U.S. educators; elementary and secondary teachers, principals and other school staff who work directly with immigrant students—including asylees and refugees—and their families.

**Appendix A: Language Usage Survey**

Parents and Guardians: Please only complete this page of the survey. The back of this form will be completed by the school. A completed language usage survey is required for all students upon enrollment in Ohio schools. This information will tell school staff if they need to check your child's proficiency in English. Answers to these questions ensure your child receives the education services to succeed in school. The information is not used to identify immigration status.

1. **Check.** Confirm the following statements related to the administration of Ohio's language usage survey:

- The district or school presented the language usage survey, to the extent practicable, in a language and form that the parent or guardian understood.
- The district or school informed the parent(s) or guardian(s) of the form's purpose. The language usage survey only is used to understand students' linguistic experiences and educational background.
- The district or school reports information from the language usage survey in the appropriate Educational Management Information System (EMIS) records.
- For students enrolling from other U.S. schools and districts, school officials request previous language survey data and refer to the information when identifying English learners.
- Results of the language usage survey are kept with the student's cumulative records and follow the student if he/she transfers to another district or school.

2. **Note.** Record additional information to assist the review of the language usage survey.

3. **Record.** Indicate responses from the language usage survey in the table below. Refer to the [Language Usage Survey Annotations](#) on page 2 for item-specific guidance.

## **Appendix B: Supplemental Questions**

---

**Supplemental Questions.** Schools may better understand the student's linguistic experience and educational background with questions related to these areas that impact instruction:

### **Child's Native/Heritage/First Language**

- How well does your child understand and use his/her native language?
- Is your child literate in his/her first language?
- Is your child literate in languages other than English? If so, which languages?
- In what language does your child read?
- In what language does your child write?
- Do you consider English the main language your child speaks?
- Does your child "mix" languages? Describe.

### **Home Language**

- What language(s) do adults use with each other in the home?
- What language do you use most frequently with your child?
- What other language(s) do you use with your child?
- What other language(s) does your child understand or use?

### **Prior Education**

- Has your child ever been identified by a school as an English learner?
- Where has your child attended schools?
- How long has your child been in U.S. schools?
- In what languages has your child received instruction?
- Do you have student records from your child's previous education?
- What grades has your child completed in the U.S.?
- What grades has your child completed outside the U.S.?
- Did your child attend school before kindergarten?
- Does your student have an individualized education program (IEP) or 504 plan?

### **Student with Limited or Interrupted Formal Education**

- Has your child attended school consistently?
- What was your child's last year of schooling outside the U.S.?
- What is your child's home country?
- At what age did your child leave his/her home country?
- Do you have student records from your child's previous education?
- Before coming to the U.S., was your child separated from other family members?
- Has your child ever lived in a refugee camp?

## **Appendix C: List of Commercial Language Proficiency Screeners**

---

This list includes several commercial language proficiency screeners for informational purposes. This information is provided to offer examples of assessments that schools may find helpful and use at their discretion. The Ohio Department of Education does not control or guarantee the accuracy, relevance, timeliness or completeness of this information. Further, the inclusion of links to items does not reflect their importance nor an intention to endorse products. School personnel should review the validity, reliability and appropriateness of any test instruments they use to determine English learner identification and placement in a language instruction educational program.
