*Facts about USDA Commodities for the
National School Lunch and School Breakfast Programs*

**WHOLE GRAIN PEACH TURNOVER
FROZEN
(OHIO PROCESSED)**

Product Description

Individually wrapped 3.75oz fruit turnovers with whole grain crust using USDA fruit (peaches/frozen).

Pack Size

Peach turnovers are packaged 80 individually wrapped turnovers per shipping carton. Each case net weight 18.75 lbs.

Yield

Each case provides 80 serving of fruit turnovers; each turnover will provide 2 breads and ½ cup fruit serving in the NSLP and NSBP.

Uses

Peach turnovers may be served in breakfast programs, snack programs or school lunch programs.

Storage

For optimal quality peach turnovers should be stored frozen and never refrigerated. Peach turnovers may be stored frozen (0°F) for up to six months. If thawed, peach turnovers have a 4 day shelf life.

Best If Used By*

Peach turnovers are best if used within six (6) months of production.

Preparation

Thaw on baking sheets at room temperature 2-3 hours before serving. Turnovers may be warmed or served at room temperature. Best if served within 24 hours after thawing.

Nutritional Value

One 3.75 oz peach turnover provides:

Calories	302

Fat	9.1g
Saturated Fat	2.6g
Trans Fat	0g
Cholesterol	0g
Vitamin A	78.9IU
Vitamin C	23.8mg
Iron	1.9mg
Calcium	25.6mg
Sodium	335mg
Dietary Fiber	3.3g

**The "Best If Used By" date is intended to tell you how long the product will retain best flavor or quality. The term is not a safety date. "Best If Used By" dates are intended as useful guidelines. Some foods may deteriorate more quickly and other foods may last longer than the times suggest. A number of factors can shorten the useful life of a food product, such as improper handling and inadequate storage temperatures. The inventory control method of "first-in-first-out" should be practiced by those responsible for managing commodity inventories and distribution to the State and local level. Products kept past the "Best If Used By" dates are not necessarily unusable. Food products may be consumed after the "Best If Used By" date if the product has been properly stored and handled, and the primary container is in good condition.*
