*Facts about USDA Commodities for the
National School Lunch and School Breakfast Programs*
**WHOLESOME WHEAT BREAD FILLED WITH
PEANUT BUTTER and STRAWBERRY JAM
FROZEN
(OHIO PROCESSED)**

Product Description

Individually wrapped peanut butter and jam in a wholesome bread pocket.

Pack Size

12.6 -pound case containing 72 individually wrapped peanut butter and jam sandwich pockets.

Yield

One 12.6-pound case provides 72 servings of peanut butter and jam pockets; each serving provides one (1) serving of grains/breads and one (1) ounce of meat/meat alternate for the National School Lunch Program.

Uses

Peanut butter and jam sandwich pockets are individually wrapped and ready to serve. May be used as a breakfast or lunch item.

Storage

Peanut butter and jam sandwich pockets may be stored frozen (0°F), refrigerated (38°F) or at ambient (65°F) temperature. For optimal quality peanut butter and jelly sandwich pockets should be stored frozen.

Best If Used By*

Peanut butter and jam sandwich pockets are best if used within 12 months when stored frozen, 3 months when stored refrigerated and 2 weeks when stored at ambient temperature.

Preparation

Peanut butter and jam sandwich pockets may be served frozen, refrigerated or at ambient temperature.

Nutritional value

One peanut butter and jam sandwich pocket (2.8 ounces), provides:

**The "Best If Used By" date is intended to tell you how long the product will retain best flavor or quality. The term is not a safety date. "Best If Used By" dates are intended as useful guidelines. Some foods may deteriorate more quickly and other foods may last longer than the times suggest. A number of factors can shorten the useful life of a food product, such as improper handling and inadequate storage temperatures. The inventory control method of "first-in-first-out" should be practiced by those responsible for managing commodity inventories and distribution to the State and local level. Products kept past the "Best If Used By" dates are not necessarily unusable. Food products are consumed after the "Best If Used By" date if the product has been properly stored and handled, and the primary container is in good condition.*
