

DISTRICT/SCHOOL BMI SCREENING PROGRAM IMPLEMENTATION STEPS

Step 1

- Decision to participate in BMI screening program should be determined before the start of each school year.

Step 2

- If yes, the screening program can be conducted from the first day of the school year through May 1.
- If no, a waiver must be submitted to ODE.

Step 3

- Notify all parents of the screening program by Feb. 1.
- Give parents the opportunity to opt-out before screening is conducted.

Step 4

- The screening program can be conducted from the first day of the school year through May 1.

Step 5

- Parents should be notified of the results of the BMI screening by the end of the school year.

Step 6

- All screening data must be reported in aggregate to the ODH. No information can be reported that is identifiable to an individual student.
