IRN 048728****Ohio Department of Education, Office for Exceptional Children
2011-2012 Onsite Review Summary Report****Introduction**

The Ohio Department of Education's Office for Exceptional Children would like to extend appreciation to the district staff for their efforts, attention and time committed to the completion of the review processes.

The following report is a summary of the onsite review conducted on February 6 through 8, 2012 by the Ohio Department of Education's Office for Exceptional Children (OEC) and Office of Early Learning and School Readiness (OEL&SR) as part of its general supervision requirements under the Individuals with Disabilities Education Act (IDEA) and Am. Sub. HB1. The onsite visit consisted of the following reviews:

- IDEA Review: (Special Education School Age, Special Education Early Childhood and Fiscal)
- Gifted Education Review

IDEA Review**Overview**

Educational consultants from the Office for Exceptional Children (OEC) conducted IDEA review activities on February 6 through 8, 2012. During the IDEA Review, OEC consultants monitor the LEA's implementation of the IDEA to ensure compliance. The primary focus of the IDEA Review is to:

- Improve educational results and functional outcomes for all children with disabilities; and
- Ensure that LEAs meet program requirements under Part B of IDEA, particularly those requirements that are most closely related to improving educational results for children with disabilities.

OEC focused the review on the following areas:

- Child Find;
- Delivery of Services;
- Least Restrictive Environment;
- Data Verification.

Data Sources

During the review, OEC considered information from the following sources:

1. Public Parent Meeting, Individual Parent Meetings and Written Comments

On January 24, 2012, the Northmont City Schools mailed 701 OEC approved letters to all families with students with disabilities in the district. OEC provided the district with a public meeting announcement for inclusion on its website or newsletter. The district posted the information regarding the meeting January 24, 2012 on the district website.

On February 7, 2012, OEC consultants held a public meeting for parents and other interested parties. Public parent meeting dates for all districts selected for IDEA Reviews are posted on the ODE website. Seventeen parents and two State Support Team (SST) Region 10 representatives attended the public meeting. Attendees could speak to OEC representatives publicly in the meeting or individually, provide written comments, or both. All 17 parents made comments during the public meeting. Written comment forms were available before, during and after the meeting. OEC received one written comment. On the same day, the consultants held one individual parent meeting by telephone.

During the public meeting, parents were advised by OEC consultants of the formal complaint process under IDEA and that their public comments did not constitute a formal complaint. The participants were also informed that while the information they provided may be helpful to the review, it may not necessarily be acted upon as part of the review process. "Whose IDEA Is This?", Ohio's procedural safeguards notice, was available for participants who wanted a copy.

2. Pre-Onsite Data Analysis

OEC consultants reviewed district, building and grade level data. District data analyzed included the Special Education Performance Profile, Local Report Cards, and Education Management Information System (EMIS) data. The data analysis assists OEC in determining potential growth areas and district strengths.

3. Record Review

On February 6 and 7, 2012, OEC consultants reviewed 41 records of school age students with disabilities. An OEL&SR consultant, on February 7, 2012, reviewed eight records as part of the Early Childhood Special Education Review. OEC selected records of a variety of children with disabilities from four buildings.

Please note, not all records are reviewed for every component.

4. Staff/Administrative Interviews

On February 8, 2012, OEC consultants held four sessions of interviews with eight administrators, seven regular education teachers, 17 intervention specialists, eight related services personnel, two paraprofessionals, and four school psychologists. OEC interviews focused on the following review areas: Child Find; Delivery of Services; Least Restrictive Environment (LRE) and IEP alignment.

Findings

A finding is made when noncompliance with a specific IDEA requirement is identified through the processes outlined above. All findings of noncompliance must be corrected as soon as possible, but no later than one year of the date of this report.

OEC provides separate written correspondence to the school district and the parent/guardian when action is required to correct findings of non-compliance for individual students.

Noncompliance that is identified in **30% or more** of the records reviewed by OEC and substantiated through other data sources must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings.

All noncompliance identified by OEC as part of the IDEA review, listed by subject area within this report in the *Review of Findings and District Required Actions* table, must be corrected as set forth below.

Corrective Action Plan (CAP)

The *Review of Findings and District Required Actions* identifies the noncompliance which must be addressed in the corrective action plan developed by the Northmont City School District. An approved form for the corrective action plan will be provided by OEC or can be accessed on ODE's web site by using the keyword search "OEC Corrective Action Plan". The corrective action plan developed by the district must include the following:

- Improvement strategies to address all areas of identified non-compliance,
- Documentation/evidence of implementation of the strategies,
- Individuals responsible for implementing the strategies,
- Resources needed, and
- Completion dates.

State Performance Plan (SPP) results indicators may also be included in the corrective action plan to address improved performance for students with disabilities.

The district must submit the corrective action plan to John Magee, OEC Lead Consultant at John.Magee@education.ohio.gov. OEC will review the action plan submitted by the district for approval. If OEC deems that a revision(s) is necessary, the district will be required to revise and resubmit. The district will be contacted by the OEC Lead Consultant and notified when the action plan has been approved.

CAP Due Date: 06-01-2012

Individual Correction

The district has 60 school days of the issuance of the letter of findings to correct all identified findings of non-compliance for individual students, unless noted otherwise in the report.

Individual Correction Due Date: 10-10-2012

Systemic Correction

The district must correct any noncompliant policies, procedures and/or practices identified through the onsite review. OEC will verify through follow-up review of new data that the noncompliant policies, procedures and/or practices have been revised and the district is correctly implementing the regulatory requirements of IDEA. The follow-up review of new data will include review of individual student records and may include parent/staff/administrative interviews, as needed.

Systemic Correction Due Date: 04-25-2013

Component 3: Least Restrictive Environment (LRE) and IEP Alignment

Each school district shall ensure that to the maximum extent appropriate, children with disabilities, including children in public or nonpublic institutions or other care facilities, are educated with children who are nondisabled; and that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.

Gifted Education Review

A gifted education review to ensure compliance with state law and state *Operating Standards for Identifying and Serving Gifted Students* was conducted on February 9, 2012 by Rosemary Pearson.

Eight gifted education components were addressed during the onsite review. Each component is detailed below, including a description of evidence provided and reviewed and corrective action required to resolve any issues of non-compliance.

Gifted Components, OEC's Review Findings, and District Required Actions

Component 1: Gifted Budget

Based on Am. Sub. HB 1, is the district spending for services to identified gifted students at least the same amount of state funding that it received in fiscal year 2009 through unit funding? In addition, did districts that in fiscal year 2009 received gifted student services from an ESC – and the ESC received gifted unit funding in fiscal year 2009 – either (a) obtain gifted student services from an ESC that are comparable to the gifted student services provided to the district with gifted unit funding in fiscal year 2009 by an ESC or (b) spend for services to identified gifted students from the funds received through the EBM an amount not less than the amount of gifted unit funding expended by an ESC in fiscal year 2009 for the district's students?

- Goals for the students for each service to be provided;
- Specified methods for evaluating progress toward goals;
- Method and schedule for reporting progress to parents;
- Staff responsible for ensuring delivery of each service prescribed;
- Policies regarding waiver of assignments and rescheduling of tests;
- Deadline for next review of WEP; and
- Copy of WEP to parents and staff responsible for providing service listed?
