IRN 047001****Ohio Department of Education, Office for Exceptional Children  
2012-2013 Onsite Review Summary Report****Introduction**

The Ohio Department of Education's Office for Exceptional Children would like to extend appreciation to the district staff for their efforts, attention and time committed to the completion of the review processes.

The following report is a summary of the onsite review conducted on March 26-28, 2013 by the Ohio Department of Education's Office for Exceptional Children (OEC) and Office of Early Learning and School Readiness (OEL&SR) as part of its general supervision requirements under the Individuals with Disabilities Education Act (IDEA) and Am. Sub. HB1. The onsite visit consisted of the following reviews:

- IDEA Review (Special Education School Age, Special Education Early Childhood and Fiscal)
- Gifted Education Review

**IDEA Review****Overview**

Educational consultants from the Office for Exceptional Children (OEC) conducted IDEA review activities on March 26-28, 2013. During the IDEA Review, OEC consultants monitor the LEA's implementation of IDEA to ensure compliance. The primary focus of the IDEA Review is to:

- Improve educational results and functional outcomes for all children with disabilities; and
- Ensure that LEAs meet program requirements under Part B of IDEA, particularly those requirements that are most closely related to improving educational results for children with disabilities.

OEC focused the review on the following areas:

- Child Find;
- Delivery of Services;
- Least Restrictive Environment;
- Discipline; and
- Data Verification.

**Data Sources**

During the review, OEC considered information from the following sources:

**1. Public Parent Meeting, Individual Parent Meetings and Written Comments**

On March 4, 2013, Reynoldsburg City School District mailed 812 OEC approved letters to all families with students with disabilities in the district. OEC provided the district with a public meeting announcement for inclusion on its website or newsletter. The district posted the information regarding the meeting date on the school website.

On March 26, 2013, OEC consultants held a public meeting for parents and other interested parties. Public parent meeting dates for all districts selected for IDEA Reviews are posted on the ODE website. Ten parents and family members and two State Support Team (SST) Region 11 representatives attended the public meeting. Attendees could speak to OEC representatives publicly in the meeting or individually, provide written comments, or both. All attendees made comments during the public

meeting. Written comment forms were available before, during and after the meeting. OEC received one written comment.

During the public meeting, parents were advised by OEC consultants of the formal complaint process under IDEA and that their public comments did not constitute a formal complaint. The participants were also informed that while the information they provided may be helpful to the review, it may not necessarily be acted upon as part of the review process. "Whose IDEA Is This?, Ohio's procedural safeguards notice, was available for participants who wanted a copy.

## 2. Pre-Onsite Data Analysis

OEC and SST consultants reviewed district, building and grade level data. District data analyzed included the Special Education Performance Profile, Local Report Cards, and Education Management Information System (EMIS) data. The data analysis assists OEC in determining potential growth areas and district strengths.

## 3. Record Review

On March 26-27, 2013, OEC consultants reviewed 41 records of school age students with disabilities. An OEL&SR consultant, on March 28, 2013, reviewed six records as part of the Early Childhood Special Education Review. OEC selected records of a variety of children with disabilities from 12 buildings.

Please note, not all records are reviewed for every component.

## 4. Staff/Administrative Interviews

On March 26-27, 2013, OEC consultants held five sessions of interviews with 11 administrators and 32 teachers, school counselors, related services personnel and school psychologists. OEC interviews focused on the following review areas: Child Find; Delivery of Services; Least Restrictive Environment (LRE) and IEP alignment; and Discipline.

## **Findings**

A finding is made when noncompliance with a specific IDEA requirement is identified through the processes outlined above. All findings of noncompliance must be corrected as soon as possible, but no later than one year from the date of this report.

OEC provides separate written correspondence to the school district and the parent/guardian when action is required to correct findings of non-compliance for individual students.

Noncompliance that is identified in **30% or more** of the records reviewed by OEC and substantiated through other data sources must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings.

All noncompliance identified by OEC as part of the IDEA review, listed by subject area within this report in the *Review of Findings and District Required Actions* table, must be corrected as set forth below.

## Corrective Action Plan (CAP)

The *Review of Findings and District Required Actions* identifies the noncompliance which must be addressed in the corrective action plan developed by the Reynoldsburg City School District. An approved form for the corrective action plan will be provided by OEC or can be accessed on ODE's web site by using the keyword search "OEC Corrective Action Plan". The corrective action plan developed by the district must include the following:

- Improvement strategies to address all areas of identified non-compliance,
- Documentation/evidence of implementation of the strategies,
- Individuals responsible for implementing the strategies,
- Resources needed, and
- Completion dates.

State Performance Plan (SPP) results indicators may also be included in the corrective action plan to address improved performance for students with disabilities.

The district must submit the corrective action plan to Stephanie Falor, OEC Lead Consultant at [Stephanie.Falor@education.ohio.gov](mailto:Stephanie.Falor@education.ohio.gov) within 30 school days from the date of this report. OEC will review the action plan submitted by the district for approval. If OEC deems that a revision(s) is necessary, the district will be required to revise and resubmit. The district will be contacted by the OEC Lead Consultant and notified when the action plan has been approved.

**CAP Due Date: October 3, 2013**

## Individual Correction

The district has 60 school days of the issuance of the letter of findings to correct all identified findings of non-compliance for individual students, unless noted otherwise in the report.

**Individual Correction Due Date: November 13, 2013**

## Systemic Correction

The district must correct any noncompliant policies, procedures and/or practices identified through the onsite review. OEC will verify through follow-up review of new data that the noncompliant policies, procedures and/or practices have been revised and the district is correctly implementing the regulatory requirements of IDEA. The follow-up review of new data will include review of individual student records and may include parent/staff/administrative interviews, as needed.

**Systemic Correction Due Date: May 9, 2014**

### Component 3: Least Restrictive Environment (LRE) and IEP Alignment

Each school district shall ensure that to the maximum extent appropriate, children with disabilities, including children in public or nonpublic institutions or other care facilities, are educated with children who are nondisabled; and that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.
