**Ohio Department of Education, Office for Exceptional Children
2012-2013 Onsite Review Summary Report**

Introduction

The Ohio Department of Education's Office for Exceptional Children would like to extend appreciation to the district staff for their efforts, attention and time committed to the completion of the review processes.

The following report is a summary of the onsite review conducted on April 9-11, 2013 by the Ohio Department of Education's Office for Exceptional Children (OEC) and Office of Early Learning and School Readiness (OEL&SR) as part of its general supervision requirements under the Individuals with Disabilities Education Act (IDEA) and Am. Sub. HB1. The onsite visit consisted of the following reviews:

- IDEA Review (Special Education School Age, Special Education Early Childhood and Fiscal)
- Gifted Education Review

IDEA Review

Overview

Educational consultants from the Office for Exceptional Children (OEC) conducted IDEA review activities on April 9-11, 2013. During the IDEA Review, OEC consultants monitor the LEA's implementation of IDEA to ensure compliance. The primary focus of the IDEA Review is to:

- Improve educational results and functional outcomes for all children with disabilities; and
- Ensure that LEAs meet program requirements under Part B of IDEA, particularly those requirements that are most closely related to improving educational results for children with disabilities.

OEC focused the review on the following areas:

- Child Find;
- Delivery of Services;
- Least Restrictive Environment;
- Data Verification

Data Sources

During the review, OEC considered information from the following sources:

On March 13, 2013, Windham Exempted Village School District mailed 176 OEC approved letters to all families with students with disabilities in the district. OEC provided the district with a public meeting announcement for inclusion on its website or newsletter. The district posted the information regarding the meeting date on the school website.

On April 9, 2013, OEC consultants held a public meeting for parents and other interested parties. Public parent meeting dates for all districts selected for IDEA Reviews are posted on the ODE website. Two parents and family members and three State Support Team (SST) Region 8 representatives attended the public meeting. Attendees could speak to OEC representatives publicly in the meeting or individually, provide written comments, or both. Two attendees made comments during the public meeting. Written comment forms were available before, during and after the meeting.

During the public meeting, parents were advised by OEC consultants of the formal complaint process under IDEA and that their public comments did not constitute a formal complaint. The participants were also informed that while the information they provided may be helpful to the review, it may not necessarily be acted upon as part of the review process. "Whose IDEA Is This?, Ohio's procedural safeguards notice, was available for participants who wanted a copy.

2. Pre-Onsite Data Analysis

OEC and SST consultants reviewed district, building and grade level data. District data analyzed included the Special Education Performance Profile, Local Report Cards, and Education Management Information System (EMIS) data. The data analysis assists OEC in determining potential growth areas and district strengths.

3. Record Review

On April 9, 2013, OEC consultants reviewed 34 records of school age students with disabilities. An OEL&SR consultant, on April 10, 2013, reviewed four records as part of the Early Childhood Special Education Review. OEC selected records of a variety of children with disabilities from four buildings.

Please note, not all records are reviewed for every component.

4. Staff/Administrative Interviews

On April 10-11, 2013, OEC consultants held four sessions of interviews with two administrators, 22 regular education teachers, intervention specialists, related services personnel, school psychologists, and paraprofessional. OEC interviews focused on the following review areas: Child Find; Delivery of Services; Least Restrictive Environment (LRE) and IEP alignment.

Findings

A finding is made when noncompliance with a specific IDEA requirement is identified through the processes outlined above. All findings of noncompliance must be corrected as soon as possible, but no later than one year from the date of this report.

OEC provides separate written correspondence to the school district and the parent/guardian when action is required to correct findings of non-compliance for individual students.

Noncompliance that is identified in **30% or more** of the records reviewed by OEC and substantiated through other data sources must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings.

All noncompliance identified by OEC as part of the IDEA review, listed by subject area within this report in the *Review of Findings and District Required Actions* table, must be corrected as set forth below.

Corrective Action Plan (CAP)

The *Review of Findings and District Required Actions* identifies the noncompliance which must be addressed in the corrective action plan developed by the Windham Exempted Village School District. An approved form for the corrective action plan will be provided by OEC or can be accessed on ODE's web site by using the keyword search "OEC Corrective Action Plan". The corrective action plan developed by the district must include the following:

- Improvement strategies to address all areas of identified non-compliance,
- Documentation/evidence of implementation of the strategies,
- Individuals responsible for implementing the strategies,
- Resources needed, and
- Completion dates.

State Performance Plan (SPP) results indicators may also be included in the corrective action plan to address improved performance for students with disabilities.

The district must submit the corrective action plan to Stephanie Falor, OEC Lead Consultant at Stephanie.Falor@education.ohio.gov within 30 school days from the date of this report. OEC will review the action plan submitted by the district for approval. If OEC deems that a revision(s) is necessary, the district will be required to revise and resubmit. The district will be contacted by the OEC Lead Consultant and notified when the action plan has been approved.

CAP Due Date: September 26, 2013

Individual Correction

The district has 60 school days of the issuance of the letter of findings to correct all identified findings of non-compliance for individual students, unless noted otherwise in the report.

Individual Correction Due Date: November 8, 2013

Systemic Correction

The district must correct any noncompliant policies, procedures and/or practices identified through the onsite review. OEC will verify through follow-up review of new data that the noncompliant policies, procedures and/or practices have been revised and the district is correctly implementing the regulatory requirements of IDEA. The follow-up review of new data will include review of individual student records and may include parent/staff/administrative interviews, as needed.

Systemic Correction Due Date: May 29, 2014

Fiscal Components, OEC's Review Findings, and District Required Actions

Component 1: Statement of Accounts

The district/school has submitted its FY12 FERs for IDEA Part B and Early Childhood IDEA. The district's financial detail (FINDET) report projects to match the current year budget in the CCIP by subtotalling FINDET transactions according to object codes (100, 200, 400, 500, 600 & 800) for the year to date. The year to date expenditures will be reviewed for coding accuracy. The fiscal reports are evidence that ensure that district children with disabilities have available to them a free appropriate public education (FAPE) that emphasizes special education and related services designed to meet their unique needs.

The district has timely and meaningful consultation with representatives of parentally-placed private school children with disabilities (consistent with 34 CFR 300.134); conducts a thorough and complete child find process to determine the number of parentally-placed private school children with disabilities attending private schools located in the school district.

The district has developed a means through which to track the expenditure of Part B funds for CEIS in its financial system and is able to create a report showing the expenditure of funds for CEIS. The district has a plan in place to utilize the funds for CEIS.

If the district/school reduced its local expenditure, it was by no more than ½ of its additional allocation amount and the district can document the expenditures/reduction and the amount is shown in the CCIP.
