Ohio

Strategic Plan for Education

EachChild=OurFuture

Plan Components

- Eight Guiding Principles
- Vision
- Overarching Goal
- Four Equally-Valued Learning Domains
- 15 Strategies

Eight Guiding Principles

Whole Child:

1. Students are the state's hopes and dreams.
2. Equity is the state's top education imperative.

Eight Guiding Principles

Caring Adults:

3. Parents, caregivers, teachers, school leaders and support personnel are at the heart of the state's education system.

Eight Guiding Principles

Strong System:

4. A student's learning experience—from preschool through postsecondary education—must be seamless.
5. Business, foundation and community partners are essential to helping the state reach its goals.
6. Schools are where it all happens—and a central focus of the work.
7. There is no one-size-fits-all.
8. Evidence, data and clarity on desired outcomes are essential to the work, particularly when it comes to school improvement.

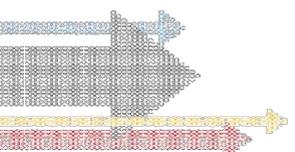

Vision for *EachChild*

EachChild graduates from high school, and *each* graduate is prepared with the knowledge, skills and disposition to pursue his or her chosen post-high school path and become a lifelong learner who is an engaged, culturally aware and contributing member of society.

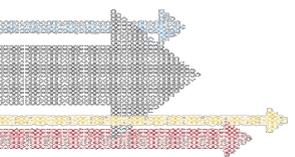

Goal for *EachChild*

Annually increase the percentage of Ohio's high school graduates who, within one year of graduation, are:

- Enrolled and succeeding in a post-high school learning experience, including an adult career-technical education program, an apprenticeship and/or a two-year or four-year college program (15 semester hours); or
- Serving in a military branch; or
- Earning a living wage.

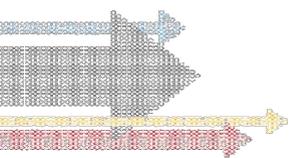

Four Equal Learning Domains

15 Strategies

Organized by:

- Early Learning and Literacy
- Standards, Assessment and Accountability
- Student Supports, School Climate and Culture
- High School Success and Postsecondary Connections
- Excellent Educators and Instructional Practices
