

Remote Learning Plan

District Name:	Bradford Exempted Village School District
District Address:	760 Railroad Avenue
District Contact:	Joe Hurst, Superintendent
District IRN:	045229

The goal of remote learning is to ensure learning continues even though school buildings are closed. Remote learning engages students through a variety of learning opportunities, which can be delivered online and/or offline. Remote learning does not just mean online learning. Technology certainly is a supportive tool for remote learning, but powerful remote learning can occur through thoughtful offline lessons that encourage students to explore the natural world and engage in interdisciplinary and artistic hands-on learning.

HB 164 (June 2020) indicates that *“Each qualifying public school governing body may adopt a plan to provide instruction using a remote learning model for the 2020-2021 school year. An adopted plan shall not be subject to approval by the Department. Each plan shall include all of the following: (1) A description of how student instructional needs will be determined and documented; (2) The method to be used for determining competency, granting credit, and promoting students to a higher grade level; (3) The school's attendance requirements, including how the school will document participation in learning opportunities; (4) A statement describing how student progress will be monitored; (5) A description as to how equitable access to quality instruction will be ensured; (6) A description of the professional development activities that will be offered to teachers...The Department shall make each plan it receives under division (B) of Section 16 publicly available on its website.”*

NOTE: The deadline for qualifying public schools to submit their adopted Remote Learning Plans to the Ohio Department of Education has been extended to August 21, 2020 to allow school leaders sufficient time to develop their plans. Adopted Remote Learning Plans should be submitted electronically to remotelarning@education.ohio.gov.
