

Remote Learning Plan

District Name:	Coldwater EVSD
District Address:	310 N. Second Street
District Contact:	Jason Wood, Superintendent
District IRN:	045310

The goal of remote learning is to ensure learning continues even though school buildings are closed. Remote learning engages students through a variety of learning opportunities, which can be delivered online and/or offline. Remote learning does not just mean online learning. Technology certainly is a supportive tool for remote learning, but powerful remote learning can occur through thoughtful offline lessons that encourage students to explore the natural world and engage in interdisciplinary and artistic hands-on learning.

HB 164 (June 2020) indicates that *“Each qualifying public school governing body may adopt a plan to provide instruction using a remote learning model for the 2020-2021 school year. An adopted plan shall not be subject to approval by the Department. Each plan shall include all of the following: (1) A description of how student instructional needs will be determined and documented; (2) The method to be used for determining competency, granting credit, and promoting students to a higher grade level; (3) The school's attendance requirements, including how the school will document participation in learning opportunities; (4) A statement describing how student progress will be monitored; (5) A description as to how equitable access to quality instruction will be ensured; (6) A description of the professional development activities that will be offered to teachers...The Department shall make each plan it receives under division (B) of Section 16 publicly available on its website.”*

NOTE: The deadline for qualifying public schools to submit their adopted Remote Learning Plans to the Ohio Department of Education has been extended to **August 21, 2020 to allow school leaders sufficient time to develop their plans. Adopted Remote Learning Plans should be submitted via email to remotlearning@education.ohio.gov.**
