ROCKY RIVER CITY SCHOOL DISTRICT
Remote Learning Plan

District Name:	Rocky River City School District
District Address:	1101 Morewood Parkway, Rocky River, OH 44116
District Contact:	Elizabeth Anderson, Assistant Superintendent
District IRN:	044701

Description of how student needs will be determined and documented

- By teachers via data from formative and summative assignments, activities, assessments and benchmarks
- Documented in GradeBook and proprietary resource platforms

Method used for determining competency, granting credit and promoting students to higher grade levels

- We will use the current policies and protocol already established and in place for granting credit and promoting students to higher grade levels, all of which consider students' exceptional needs (IEP, 504, EL, gifted). Teachers use formative and summative assessments to determine competency.

Attendance requirements, including how the schools will document participation in learning opportunities

- We will use the current policy, resources and protocol in place for tracking daily attendance. Specifically, we will use the attendance component of GradeBook and DASL. Parents/guardians will report their child absent to our attendance line when the child will not be on the "other end of the computer" each day.

Statement describing how student progress will be monitored

Student progress will be monitored:
- By teachers
    - using formative and summative assignments, activities and assessments
    - documented in GradeBook
    - documented by quarterly report cards
- By parents/guardians, by logging into GradeBook to see their student's course activity and report cards

A statement describing how equitable access to quality instruction will be ensured

- All students and families may request a district Chromebook and a wifi hotspot if needed in order to access remote learning.

A description of the professional development activities that will be offered to teachers

- Formal district-organized PD on effective elements of online instruction and online tools to support instruction provided.
- Informal, regular PD opportunities also provided, such as Local Expert Tech Tuesday and Zoom help desks focused on specific online tools.
- Google Academy PD offered in summer 2020.
