

Remote Learning Plan-Streetsboro City School District

District Name:	Streetsboro City School District
District Address:	9000 Kirby Lane, Streetsboro, Ohio 44241
District Contact:	R. Michael Daulbaugh, Superintendent
District IRN:	049239

The goal of remote learning is to ensure learning continues even though school buildings are closed. Remote learning engages students through a variety of learning opportunities, which can be delivered online and/or offline. Remote learning does not just mean online learning. Technology certainly is a supportive tool for remote learning, but powerful remote learning can occur through thoughtful offline lessons that encourage students to explore the natural world and engage in interdisciplinary and artistic hands-on learning.

HB 164 (June 2020) indicates that *“Each qualifying public school governing body may adopt a plan to provide instruction using a remote learning model for the 2020-2021 school year. An adopted plan shall not be subject to approval by the Department. Each plan shall include all of the following: (1) A description of how student instructional needs will be determined and documented; (2) The method to be used for determining competency, granting credit, and promoting students to a higher grade level; (3) The school's attendance requirements, including how the school will document participation in learning opportunities; (4) A statement describing how student progress will be monitored; (5) A description as to how equitable access to quality instruction will be ensured; (6) A description of the professional development activities that will be offered to teachers... The Department shall make each plan it receives under division (B) of Section 16 publicly available on its website.”*

How will instruction take place?

Possible/Optional item(s) to consider: <ul style="list-style-type: none">• Parent/Student surveys have been reviewed• Technology Plan has been created to ensure equitable access

Address Equitable Access to Quality Instruction Here:

Surveys were sent to staff, parents/guardians and students to gather feedback from the spring remote learning. This data gathered who had access to the internet and devices as well. Our district purchased an additional 1100 chromebooks this summer so every student and teacher in the district will have a device to use at home. In addition, we are purchasing wifi hotspots for the families without internet access at home. Finally, our school building wifi reaches outside of our buildings so students can access the district wifi from the parking lots if they want/need to come to the buildings to complete work.

development to help teachers enhance remote learning.

Address Professional Learning/Development Here:

Multiple opportunities are being provided to staff for the 2020-2021 school year. We also plan to delay the start of the school year for students so that teachers will have time to plan for digital instruction. Staff development will occur in areas of digital instruction, Google Hangouts/Meet, IXL, and assessment. Finally, we are working with our ESC to provide curriculum support throughout the year. Staff will work with the ESC curriculum consultants to ensure delivery of high level instruction at all levels.
