

Community Schools Guidance Letter #2010-3
Effective Date: July 1, 2010
Updated: September 12, 2013

Community School Closing Procedures

Objective

To assure that procedures are in place and are used by a community school governing authority and sponsor when the school permanently closes and ceases operation, and shall include, at a minimum, procedures for reporting data to the department, handling student records, distributing assets, and other matters related to ceasing operation of the school.

Statutory Requirement

Ohio Revised Code Section 3314.015 Oversight of sponsors.

(E) The department shall adopt procedures for use by a community school governing authority and sponsor when the school permanently closes and ceases operation, which shall include at least procedures for data reporting to the department, handling of student records, distribution of assets in accordance with section [3314.074](#) of the Revised Code, and other matters related to ceasing operation of the school.

Policy

Sponsors must provide and execute a plan for an orderly wrap-up of a community school's affairs upon a permanent closure of a community school, preferably prior to the school closing its doors. A school is officially closed when instruction is no longer taking place and the governing authority or sponsor issues an official notice which states the date of the school's closure. The sponsor and a representative of the governing board are required to complete and sign the *Assurance to ODE Form* attached to this guidance letter. The role of the sponsor in this process is to assure that the governing authority of the community school has taken required actions to properly address closing issues and/or to take those actions itself if the governing authority is no longer able or functioning. Inasmuch as a plan for school closure is a required part of the school's contract with the sponsor, final preparations as part of that plan should be in place prior to the last day students are in attendance.

Guidance

This guidance letter provides an easy-to-use Closing *Assurance to ODE Form*. By completing this assurance, sponsors attest that proper notifications have occurred, required data have been submitted (or a plan is in place if data must be submitted after the close of the school), records have been properly distributed, assets have been properly disposed with dates recorded in the cells indicated, and a final FTE review will be scheduled within 7 **business** days and the final state audit will be scheduled within 30 days of the closure while student original records are on site for the final FTE review and final state audit. The sponsor shall be in touch with the Auditor of State to request that the final audit is scheduled so that this timeline can be met.

There are four sections that comprise the community school sponsor Assurance to ODE Form. These sections, *Initial Notifications*, *Student Records and School Records*; *Disposition of Assets*; and *Preparation of Itemized Financials*, are to be completed as soon as practicable after the closure of the school. In the event that refunds are generated at a later date, the Sponsor shall follow the instructions in Part IV and complete the section *Final Payments and Adjustments*.

Sponsors collaborate with ODE in assuring that a final FTE review will be scheduled within 7 **business** days and the final state audit will be scheduled within 30 days of the closure while student original records are on site. Sponsors must also sign the assurance form and submit it to the Office of Community Schools. In those circumstances where certain parts of the assurances cannot be completed due to conditions that impede the submission of complete assurances, the sponsor shall notify the Office of Community Schools and arrange for a supplement of the assurances to be turned in at a later date.

Records

As more fully described in this guidance, sponsors are required to secure all school records that are needed by the Ohio Department of Education, U. S. Department of Education, Ohio Auditor of State and other interested entities in order to close the school as well as generate a final FTE review and final audit. Records generally describe particular information that is maintained and kept for the proper administration of the school, and include student, staff, and administrative/financial information. Please note the following categories and types of records should not be considered as the entire list of documents which might be examined during a closing procedure. Other records may be requested during an FTE review or final audit.

Student records include but are not limited to: documents normally found in permanent record folders that are necessary for these reviews and audits, include attendance records that detail enrollment and attendance history; grades and grade levels achieved; transcripts, particularly for students enrolled in grades 9-12 and for graduates of the school; proof of residency documents that identify a student's home district; two (2) SOES reports, one with names and SSID numbers, and one with SSID numbers only; special education folders; and other such information that may be maintained and kept in a student permanent record folder.

Staff records include but are not limited to: employment agreement or contract; salary and benefits information; attendance and leave information; employee licenses; LPDC status and record of continuing education; and other such information that may be maintained in an employee record folder.

Administrative/financial records include but are not limited to: lease or rental agreement; deed if property is owned; inventories of furniture and equipment, including purchase price, source of funds for payment, date purchased, and property tag number; bank and financial reports, including all financial statements created by the fiscal officer; bank statements and checks; schedule of unpaid debt detailing amount, vendor and date of obligation; invoices, receipts, vouchers, and purchase orders that detail expenditures, grant records, including detail of federal and state grant awards and final expenditure reports, contracts; and other such information that may be maintained to serve as the administrative/financial records for the school.

All such records are to be secured by the sponsor prior to closing and shall be maintained until such time as detailed under records retention requirements. In the case of student records, see in particular the procedures detailed in Initial Notifications, Student Records and School Records on the Assurance Form.
