Subject: Instructions and forms for filing excess costs for JVS district students

Excess cost is to be calculated for the preceding school year based on the educational service provided during the same time period.

The SF-6 JVS form is to be completed by the JVS that has provided educational services to special education students.

1. The enclosed SF-6 form is to be used in calculating excess cost for pupils enrolled in classes for special education instruction of the handicapped in accordance with Section 3323.01 O.R.C. The excess cost shall be charged to the resident district as defined in O.R.C. 3317.16 (district the child is entitled to attend under O.R.C. Section 3313.64 and 3313.65) or “community school” established under chapter 3314 of O.R.C. except “open enrolled” students who will be charged to the district of residence of the parent(s) for such pupils.
2. It is recommended a contract be executed between the JVS and the resident districts/community schools prior to the initiating of special education services.
3. JVS districts providing education to these handicapped pupils are to direct bill the financially responsible district, after certification has been received from the Ohio Department of Education.
