SECTION A: EFFECTIVE TEAMS

CRITERION	1 (Beginning)	2 (Developing)	3 (Accomplished)	4 (Exemplary)	Evidence (examples)
A1. Educators work in collaboration.	The team is at the forming stage of team development. Roles/responsibilities are not defined.	The team is at the storming stage of team development. Roles/responsibilities are not clearly defined.	The team is at the norming stage of team development. Roles/responsibilities are defined at each meeting.	The team is at the performing and adjourning stage of team development. Roles and responsibilities are defined at each meeting and applied across the system.	Meeting agendas Meeting schedule Team meeting minutes with defined actions Self-assessment survey results or video of team process
A2. Educators work in leadership teams and have regularly scheduled meetings to support their work.	Less than 25% of recommended members* participate on the team. Meetings are rarely held or not at all. Participants are present but lack engagement.	26-50% of recommended members* participate on the team. Meetings are scheduled but held occasionally. Participants are present and engagement is active or passive based on level of interest.	51-89% of recommended members* participate on the team. Meetings are held according to the prescribed schedule. Participants are present and engaged by asking thoughtful questions and responding to comments.	90-100% of recommended members* participate on the team. Meetings are held according to a prescribed schedule. Participants are present and engaged by asking thoughtful questions and responding to comments.	Meeting schedule List of membership by position Self-assessment survey results or video of team process
A3. Teams meetings are purposeful.	Agendas are not provided during or in advance of the meeting. Teams have no clear data forms/protocols. Individuals do not come prepared.	Agendas are used but may not be provided in advance of the meeting. Agenda topics are not aligned to the plan. Teams inconsistently use team data forms/protocols. Individuals generally come prepared.	Agendas are used but may not be provided in advance of the meeting. Agenda topics are aligned to the plan. Teams consistently use team data forms/protocols. Individuals come to meetings prepared.	Agendas are used and provided in advance of the meeting. Agenda topics are aligned and focused to achieve plan results. Teams consistently use team data forms/protocols to facilitate their work. Individuals come to meetings prepared.	Meeting agendas Meeting forms/protocols Meeting notes with monitoring evidence and impact on improving student achievement, educator behavior and/or system changes

CRITERION	1 (Beginning)	2 (Developing)	3 (Accomplished)	4 (Exemplary)	Evidence (examples)
A4. Teams have a communication structure and approach.	Teams informally communicate within their own team.	Teams communicate within their own teams using formal means (e.g., minutes of meetings, forms/procedures).	Teams communicate within and across teams using formal means (e.g., minutes of meetings, forms/procedures).	Teams have forms/procedures for formally communicating their work within and across the system (district and building, horizontally and vertically, internal and external stakeholders – within all levels of the organization)	Communication approach within IMM Evidence consistent with communication approach, e.g., notes, newsletters, emails, wikki, SharePoint, Google docs

CRITERION	1 (Beginning)	2 (Developing)	3 (Accomplished)	4 (Exemplary)	Evidence (examples)
B8. The DLT/BLT/CSLT has adult implementation indicators (Cause Data) that are monitored to provide statistically verifiable and reproducible data that show progress toward goal and strategy accomplishment.	Adult implementation indicators clearly measure the effective implementation of the strategy. Data on the indicator is randomly collected but is not easily accessible. Monitoring to include observation of classroom teaching occurs occasionally. Made some progress toward strategy indicators. B10. The DLT/BLT/CSLT evaluates the impact of the one focused plan.	Made some progress toward reaching goals and closing the achievement gap for all applicable subgroups. Has not completed the IMM Evaluation Section.	Made substantial progress toward reaching goals and closing the achievement gap for all applicable subgroups. Partial completion of the IMM Evaluation Section.	Met goals and made substantial progress toward closing the achievement gap for all applicable subgroups. Completed the IMM Evaluation Section.	Exceeded goals and closed the achievement gap for all applicable subgroups. Completed and used the results of the IMM Evaluation Section.	Evidence of goal attainment and positive trend data regarding achievement. IMM

CRITERION	1 (Beginning)	2 (Developing)	3 (Accomplished)	4 (Exemplary)	Evidence (examples)
B11. The DLT/BLT/CSLT engages the community in continuous improvement.	Community is invited but engagement is minimal.	Community is involved in goal identification process.	Community is fully engaged with DLT/BLT processes.	Developing partnerships in addition to DLT/BLT processes focused on district goals	Community names and/or organizations represented Meeting schedules, agendas, minutes
B12. The DLT/BLT/CSLT manages resources effectively and efficiently to ensure one plan implementation.	Vertical articulation is occurring between the DLT and BLTs as to how resources <u>have</u> been allocated and are working toward aligning resources to plan implementation. There are multiple, discrete plans that may or may not be aligned.	Vertical articulation is occurring between the DLT and BLTs and prioritizes the allocation of resources toward the plan goals. ****B6 – Goal, Strategy and Action Step Descriptors**

SMART Goals

Specific

- The goal describes in action words what the district wants to accomplish.
- The goal is clear about what the district intends to do for all students and designated student populations.

Measurable

- The goal identifies the annual target and multi-year indicator of what the district will see annually and when it reaches the goal.
- The goal ensures there are data that will be collected to demonstrate appreciable change (in quantity or quality) that can be calculated.

Attainable and Achievable

- The goal stretches the district to improve yet it is possible to attain.
- The goal targets the population(s) that data show is in greatest need.

Realistic and Relevant

- The bar is set high enough for significant achievement.
- The goal is the most important and significant aspiration of the district to improve student learning.

Timely

- The goal has an end point.

- The time frame for accomplishment of the goal is realistic.

Strategies

- The strategies are focused and address the core of the goal.
- The strategies are achievable, feasible, reasonable and practical (i.e., time, skill, knowledge, and culture can support them).
- The strategies are the right grain size (i.e., not so broad that it is a goal but not so narrow that it is an action or task).
- The strategies have a sufficient research base.
- The strategies respond to the prioritized data needs and cause and effect analysis.
- The strategies are written so they can be understood by stakeholders (i.e., clear, jargon-free language, able to stand on its own without additional explanation).
- The goal will likely to be achieved if the strategies are implemented with fidelity.
- There are a reasonable number of strategies for the goal (two to four).
- If applicable, the strategies respond to the needs of the student populations for which the goal is directed.
- The strategies can be applied in multiple settings (e.g., elementary schools, secondary schools or district departments).

Action Steps

- The action steps are backed by evidence of effectiveness.
- The actions identify the monitoring evidence/data sources that will be used to document implementation.
- The actions identify who is responsible for implementation, the timeline for implementation of the actions and the resources needed to execute the actions.
- There are a reasonable number of actions for each strategy (no more than 10).
- The actions will reach a critical mass of targeted school staff, students and/or facilities.
- Given the goal of improving student performance, the benefits of each action outweigh the costs, i.e., time, number of people, money, materials, supplies, technology.
- The set of actions allow the district to accomplish its goals and strategies and enable the district to meet the plan indicators.
- The actions, taken as a whole, are coherent and aligned

***B8, B9 – Indicator Descriptors

Indicators

- Valid, reliable and accurate data are available for the indicators.
- The data are understandable and meaningful.
- The indicator measures are practical, relevant and realistic.
- The indicators measure the effective implementation of the strategy.
- There is assigned responsibility for collecting, organizing, analyzing and interpreting the data.
- The data provide an early warning of any potential problems.
- The indicators are capable of being monitored to provide statistically verifiable and reproducible data that show changes over time.

The indicators and data contribute to the fulfillment of reporting obligations under federal and state requirements.

SECTION C: TEACHER-BASED TEAMS

CRITERION	1 (Beginning)	2 (Developing)	3 (Accomplished)	4 (Exemplary)	Evidence (examples)
<p>C13. Step 1: Collect and Chart Assessment Data Aligned to Standards.</p>	<p>Data is not assembled. A common pre-test/formative assessment is not used. No rubric/scoring guides exist.</p>	<p>Some teachers bring data to meetings. A common pre-test/formative data is used inconsistently. There are rubric/scoring guides with defined benchmarks but not agreed to by all team members.</p>	<p>Most teachers organize data prior to meeting using forms and protocols. Common assessments aligned to standards are given to ALL students at that level at least quarterly (e.g., SWD, ELL, Title I). SECTION D: FORMATIVE ASSESSMENT

CRITERION	1 (Beginning)	2 (Developing)	3 (Accomplished)	4 (Exemplary)	Evidence (examples)
<p>D1. Formative Assessments are developed and utilized for data driven decisions.</p>	<p>Annual summative district/state assessments data are distributed to ALL staff members for use in lesson planning, tiered instructional delivery and differentiated instruction.</p> <p>Item analysis and monitoring student work are consistently being practiced.</p> <p>The District Level Team (DLT) is responsible for this articulation.</p>	<p>All of the assessments in the beginning stage in addition to data collection and analysis 2-4 times a year with ALL staff members in the use of curriculum maps, demographic or enrollment figures, observational data and/or survey responses.</p> <p>The DLT and Building Level Teams (BLTs) are responsible for sharing/discussing data through vertical and horizontal articulation with the focus aligned to the unified district and building plans.</p>	<p>Benchmarking common assessments occurring quarterly or end-of-unit.</p> <p>ALL staff would be utilizing common grade level tests that include item analysis.</p> <p>Formative common assessments are analyzed 1-4 times a month.</p> <p>The Teacher Based Teams (TBTs) are responsible for sharing/discussing data through vertical and horizontal articulation.</p> <p>A district-wide data warehouse is under construction.</p>	<p>Formative classroom assessments for learning are occurring daily/weekly in ALL classrooms.</p> <p>A district-wide data warehouse is fully operational.</p> <p>All three teams (DLTs/BLTs/TBTs) are responsible in sharing these additional assessments through vertical and horizontal articulation.</p>	<p>Meeting notes</p> <p>Formative Common Assessments</p> <p>Data warehouse</p> <p>Curriculum maps</p> <p>Sample classroom assessments</p>

SECTION E: INSTRUCTION

CRITERION	1 (Beginning)	2 (Developing)	3 (Accomplished)	4 (Exemplary)	Evidence (examples)
E1. Use of differentiated instruction	<p>Students are occasionally exempted from basic skills work in areas where they demonstrate a high level of performance.</p> <p>Students are matched to skills work by virtue of readiness.</p>	<p>Teacher provides guidance and structure to supplement the students' capacity to monitor their own learning.</p> <p>Teachers and students establish criteria for success.</p> <p>Teachers encourage student independence.</p>	<p>Teacher is coaching and monitoring students' understanding and progress.</p> <p>Lessons are designed to accommodate differences in readiness, interests and learning style preferences among students.</p>	<p>Assessment is used to formally record student growth and inform instructional decisions.</p> <p>Various means of assessment are used so that all students can fully display their skill and understanding.</p>	<p>Assessments</p> <p>Lesson plans</p> <p>Observations by peers</p>

SECTION F: STANDARDS

CRITERION	1 (Beginning)	2 (Developing)	3 (Accomplished)	4 (Exemplary)	Evidence (examples)
<p>F1. Ohio's Learning Standards, preparation and implementation.</p>	<p>Develop and initially implement an organized transition plan which includes gap analysis work, beginning with K-2.</p> <p>Redesigned district curriculum based on Standards and Model Curriculum.</p> <p>Provide opportunities for staff to participate in state and district sponsored professional development on Standards, model curricula and instructional practice.</p>	<p>Continue to implement transition plan.
