Ohio Department of Education, Office for Exceptional Children **2018-2019 IDEA Monitoring Review Summary Report**

Introduction

The Ohio Department of Education's Office for Exceptional Children (OEC) would like to extend appreciation to the Tri-Valley Local School District staff for their efforts, attention and time committed to the completion of the review process.

The following report is a summary of the onsite review conducted by OEC on December 4 and 5, 2018, as part of its general supervision requirements under the Individuals with Disabilities Education Act (IDEA) and Am. Sub. HB1.

Overview

During the onsite review, OEC consultants monitor the educational agency's implementation of IDEA to ensure compliance and positive results for students with disabilities. The primary focus of the review is to:

- Improve educational results and functional outcomes for all students with disabilities; and
- Ensure that educational agencies meet program requirements under Part B of IDEA, particularly those requirements that are most closely related to improving educational results for students with disabilities.

Onsite reviews are targeted to include the following specific areas:

- Child Find;
- Delivery of Services;
- Least Restrictive Environment;
- IEP Verification of delivery of services;
- Parent Input; and
- Teacher and Administrator Interviews.

Data Sources

During the review, OEC considered information from the following sources:

1. Public Parent Meeting and Written Comments

Tri-Valley Local School District mailed 388 OEC approved letters to all families with students with disabilities in the educational agency. OEC provided the educational agency with a public meeting announcement to post on the district website. Public parent meeting dates for all educational agencies selected for onsite reviews are also posted on the ODE website.

On December 4, 2018, OEC consultants held a public meeting for parents and other interested parties. One parent and one State Support Team (SST) Region 12 representative attended the public meeting. Attendees could speak to OEC representatives publicly in the meeting, speak to OEC representatives individually, provide written comments or both. One attendee made comments during the public meeting. Written comment forms were available before, during and after the meeting. OEC received three written comments.

During the public meeting, the parent was advised by OEC consultants of the formal complaint process under IDEA and that their public comments did not constitute a formal complaint. The participants were also informed that while the information they provided may be helpful to the review, it may not necessarily be acted upon as part of the review process. Ohio's procedural safeguards notice was available for participants who wanted a copy.

2. Pre-Onsite Data Analysis

OEC conducted a comprehensive review which included district, building and grade level data; Special Education Performance Profile; Local Report Cards; Comprehensive Continuous Improvement Plan (CCIP); and Education Management Information System (EMIS) data. The data analysis assisted OEC in determining potential growth areas and educational agency strengths.

3. Record Review/IEP Verification

Prior to the onsite visit, OEC consultants reviewed 16 records of students with disabilities. OEC selected records of students with disabilities from a variety of disability categories and ages. Eleven (11) student records were selected for IEP verification in the classroom setting.

4. Staff/Administrative Interviews

On December 4, 2018, OEC consultants held five sessions of interviews with six administrators and 26 teachers, school counselors, related services personnel and school psychologists. OEC interviews focused on the following review areas: Child Find; Delivery of Services; Least Restrictive Environment (LRE) and IEP alignment and Discipline.

Findings of Noncompliance

A finding is made when noncompliance is identified with evaluation team report (ETR) and/or individualized education program (IEP) requirements. Noncompliance that is systemic in nature or that is identified in **30% or more** of the records reviewed by OEC and substantiated through other data sources must be included in a comprehensive corrective action plan (CAP) with action steps to address each of the noncompliance findings. All noncompliance identified by OEC as part of the review (listed by subject area in the *OEC's Review Findings and Educational Agency Required Actions Table*) must be corrected as indicated in the *Evidence of Correction/Required Actions* column.

OEC provides separate written correspondence to the parent/guardian when action is required to correct findings of noncompliance for individual students. The educational agency will receive copies of this correspondence.

Corrective Action Plan (CAP)

The educational agency will develop a CAP to address any items identified in this summary report. An approved form for the CAP will be provided by OEC or can be accessed on ODE's website by using the keyword search "Monitoring". The CAP developed by the educational agency must include the following:

- Activities to address all areas identified in this summary report;
- Documentation/evidence of implementation of the activities;
- Individuals responsible for implementing the activities;
- Resources needed;
- Completion dates; and
- Continued Plan for Improvement and/or Compliance.

The educational agency must submit the CAP by email to david.boso@education.ohio.gov within 30 school days from the date of this report. OEC will review the action plan submitted by the educational agency for approval. If OEC deems that a revision(s) is necessary, the educational agency will be required to revise and resubmit. The educational agency will be contacted by OEC and notified when the action plan has been approved.

CAP Due Date: March 29, 2019

OEC Trainings

As part of the OEC monitoring process, all special education and administrative School District personnel, are required to complete the Special Education Essentials 2018-19 training modules within the Learning Management System (LMS). OEC will provide specific instructions on completing these training modules during the Summary Report presentation. Participants must achieve a 75% or more on each quiz. Participants who do not achieve at least 75% will be contacted by the State Support Team (SST) for additional training.

Completion of LMS Training Modules Due Date: March 29, 2019

Individual Correction

The educational agency has **60 school days** from the date of this summary report to correct all identified findings of noncompliance for individual students, unless noted otherwise in the report. Detailed information on individual findings are provided in a separate report.

*Individual Correction Due Date: **May 15, 2019***

Systemic Correction

The educational agency will provide OEC with documentation verifying the educational agency's completion of all CAP activities. OEC will verify systemic correction through the review of this documentation. OEC will request additional student records to review.

*Completion of Systemic Correction Due Date: **May 31, 2019***

Once the educational agency has completed all action plan activities, the educational agency will use OEC's monitoring process to create and implement a Strategic Improvement Plan with OEC and SST assistance.

For questions regarding the review, please contact: David Boso, OEC Contact Consultant, at (614) 466-8903, toll-free at (877) 644-6338, or by e-mail at david.boso@education.ohio.gov.

OEC's Review Findings and Educational Agency Required Actions

Component 1: Child Find

Each educational agency shall adopt and implement written policies and procedures approved by the Ohio Department of Education, Office for Exceptional Children, that ensure all children with disabilities residing within the educational agency, regardless of the severity of their disability, and who are in need of special education and related services are identified, located, and evaluated as required by the Individuals with Disabilities Education Improvement Act of 2004 and Federal Regulations at 34 C.F.R. Part 300 pertaining to child find, including the regulations at 34 C.F.R. 300.111 and 300.646 and Rule 3301-51-03 of the Ohio Operating Standards serving Children with Disabilities.

CF-2	3301-51-06	<u>Record Review</u> Three evaluations did not appropriately document interventions provided to resolve concerns for the child performing below grade-level standards. <u>Other Considerations</u> Initial evaluations do not contain a summary of interventions implemented including description, intensity, time and results. The district maintains a Response to Intervention (RTI)/Intervention Assistance Team (IAT) process, but there is a need for written practices and procedures. For reevaluations, if no additional interventions, enter a statement that no interventions were provided beyond the IEP.	<u>Individual Correction</u> OEC has verified that these students have a current ETR in place, so no additional individual correction is required. <u>Systemic Correction</u> The educational agency must submit evidence to OEC of written procedures and practices regarding documentation of intervention and supports provided prior to completion of the initial evaluation team report.	<input checked="" type="checkbox"/> Yes The educational agency needs to address this finding in a Corrective Action Plan.

Component 3: Least Restrictive Environment (LRE) and IEP Alignment

Each educational agency shall ensure that to the maximum extent appropriate, children with disabilities, including children in public or nonpublic institutions or other care facilities, are educated with children who are nondisabled; and that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.

The justification statement must reflect why student needs prohibit participation with their peers.</p>	<p><u>Individual Correction</u></p> <p>The educational agency must reconvene the teams of the IEPs identified as noncompliant to review and include a justification as to why the child was removed from the general education classroom.</p> <p>The justification should:</p> <ul style="list-style-type: none"> • Be based on the needs of the child, not the disability. • Reflect that the team has given adequate consideration to meeting the student's needs in the general classroom with supplementary aids and services. • Document that the nature or severity of the disability is such that education in general education classes, even with the use of supplementary aids and services, cannot be achieved satisfactorily. • Describe potential harmful effects to the child or others, if applicable. <p><u>Systemic Correction</u></p> <p>The educational agency must submit evidence to OEC of written procedures and practices regarding the least restrictive environment placement decision process.</p>	<p><input checked="" type="checkbox"/> Yes</p> <p>The educational agency needs to address this finding in a Corrective Action Plan.</p>

Other Considerations

1. Caseload ratios for school psychologist services at Tri-Valley exceed the workload determinations referenced in the Ohio Operating Standards for the Education of Children with Disabilities under Rule 3301-51-09 (I)(3)(g). Tri-Valley must determine the proper workload/caseload for school psychologists and take immediate steps to bring special education workloads and caseloads into compliance with the assistance of SST 12.
2. Tri-Valley provides students with different learning opportunities through partnerships with the Muskingum Valley Educational Service Center (ESC) and Mid-East Career Technical Center (CTC).
