Agenda Item	Discussion/Recommendations	Next Steps
	<p>Ohio's Options for a High School Diploma webpage provides numerous resources.</p> <p>Link to Graduation Requirements video: http://youtu.be/sgDVZF9DWfk</p> <p>Link to Graduation Requirements Frequently Asked Questions webpage-updated frequently: http://education.ohio.gov/Topics/What-s-Happening-with-Ohio-s-Graduation-Requiremen/Latest-Updates-on-Graduation-Requirements/Graduation-Requirements-Frequently-Asked-Questions</p> <p>Students earn points toward graduation on seven end-of-course exams. These exams will replace the Ohio Graduation Tests (OGT). The Individualized Education Program (IEP) team may exempt a student with disabilities from consequences of not being proficient on end-of-course tests. When the IEP team determines a student is exempt from being proficient on an end-of-course test, the student may receive three points (equivalent to proficient) for each exempted test required for graduation. There is no alternate test for end-of-course tests.</p> <p>Some students may be eligible to participate in an alternate assessment per the Alternate Assessment for Students with Significant Cognitive Disabilities participation guidelines. For these students, a proficient score in each of the content areas – English language arts, mathematics, science and social studies – may replace the graduation requirement of a minimum composite score on the seven end-of-course tests.</p>	
Emerging Issues/Unmet Needs	<p>Administrative Complaint was filed with the Department of Justice by Disability Rights Ohio (DRO) and Advocates for Basic Legal Equality (ABLE) against several school districts and the Ohio Department of Education around limited English proficient families and students with and without disabilities.</p> <p>Laryssa Beatty shared several concerns:</p> <ul style="list-style-type: none"> • State Support Teams – The region in the Southeast area of the state covers a large geographical area. Is there any talk about splitting it? She shared that she spoke to a principal who indicated services were not being received from the SST due to distance. <ul style="list-style-type: none"> ○ The regions of the SSTs are legislated and would require legislative changes to adjust the regional geographic boundaries.

Agency Reports	<p>Ohio Department of Developmental Disabilities:</p> <ul style="list-style-type: none"> • Student being bullied in public school and family decided to remove student from public school and enrolled the student in a developmental disabilities school. The agency is working to build local capacity to transition students out of sheltered workshops when possible through the Employment First Initiative.
