

Educator Licensure Testing Requirements

(as of September 18, 2018)

for candidates seeking initial or new licensure or endorsement in a subject area.

Educator licensure tests and qualifying scores listed in the following charts are subject to change by the State Board of Education of Ohio.

Update:

- An American Sign Language test has been developed for Multi-Age American Sign Language licensure. Test availability will begin Fall 2018 and will be required for ASL licensure applications beginning January 1, 2019.
- A Gifted test has been developed for Gifted Intervention Specialist licensure (K-12) and Gifted Intervention Specialist endorsement (K-12). Test availability will begin Fall 2018 and will be required for IS Gifted licensure and Gifted IS endorsement applications beginning January 1, 2019.

Introduction

The implementation of educator testing in Ohio is in response to standards adopted by the State Board of Education (see Ohio Administrative Code). The State Board of Education has adopted examinations for licensure that are provided by (1) Evaluation Systems group of Pearson (Pearson), (2) Educational Testing Service (ETS) and (3) the American Council on the Teaching of Foreign Languages and Language Testing International (ACTFL/LTI). Successful completion of required tests is designed to ensure that candidates for educator licensure have acquired the minimal knowledge necessary for entry-level positions.

Educator licensure tests provided by ACTFL/LTI are required of all modern world language candidates. These assessments ensure the spoken and written language proficiency of candidates for licensure to teach languages.

The ODE requires only ONE Assessment of Professional Knowledge be successfully completed in an educator's career. However, new content or licensure areas require additional Pearson, ETS, or ACTFL/LTI subject tests to establish minimum competency in that subject area. Any

applicant interested in specific test requirements of an educator preparation program MUST contact the school, college, or department of education of an approved institution. Any person holding licensure in another state and interested in obtaining Ohio licensure should contact the Ohio Department of Education (ODE), Center for the Teaching Profession, Office of Educator Licensure, 25 S. Front Street, MS 504, Columbus, Ohio 43215-4183, (614) 466-3593 or (Toll free) 877-644-6338. Email: educator.licensure@education.ohio.gov

What tests are required?

- Ohio Assessments for Educators (OAE) are provided by Evaluation Systems group of Pearson. These assessments include Professional Knowledge Assessments and content tests.
- Where specified, Praxis II subject assessments provided by Educational Testing Service are required.
- Tests in World Languages are provided by ACTFL/LTI and include two components: the Oral Proficiency Interview (OPI or OPIc) and the Writing Proficiency Test (WPT).

What are the registration procedures?

- Evaluation Systems group of Pearson: Online registration for these computer-delivered tests is available 24 hours per day, 7 days a week. The option is available to register up to 24 hours before testing. Access the following website for information: <http://www.oh.nesinc.com>
- Educational Testing Service: Praxis II content tests are required as indicated. Computer-delivered tests are available as specified. Registration for computer-delivered tests is available at: <http://www.ets.org/praxis/register>
- Registration for ACTFL/LTI tests is available on the LTI website: www.languagetesting.com

When and where are the tests administered?

- All Pearson OAE assessments are computer-delivered and offered continuously on demand. In Ohio, testing is available at Pearson Professional Centers or Educator preparation program sites. Out-of-state centers are also available. Follow the registration directions indicated at the website: <http://www.oh.nesinc.com>
- ETS Praxis II computer-delivered tests are given year-round by appointment at designated sites. Follow the registration directions indicated at the website: www.ets.org/praxis/register/computer

- ACTFL/LTI language tests are administered at a date and time agreed upon between the examinee and LTI. The specifics are available on the LTI website:
www.languageTesting.com

Where should test results be reported for out-of-state applicants?

- **Evaluation Systems group of Pearson/OAE**
Out-of-state applicants are responsible for accessing their account and clicking on the link “Request a Copy of Your Test Results.” The individual uses this link to request an additional score report which then accompanies his/her application for licensure. There is a fee associated with this request. Assessment results for candidates taking the OAE assessments are reported to ODE regardless of whether they are in-state or out-of-state candidates.
- **ACTFL/LTI**
Individuals who have previously completed the LTI OPI and/or WPT in another state, or in Ohio prior to February 2009 and would like that rating to apply to their licensure application, will need to arrange for test results to be electronically reported to the Ohio Department of Education. In order to do this, email: processing@languageTesting.com and ask for a Request for an Official Certificate form, which can then be sent via email, fax or mail. An additional fee is required to obtain a certified copy. Amount of the fee is available on the LTI website. Payment should be included when the form is submitted.
- **ETS/PRAXIS**
Out-of-state applicants are responsible for authorizing ETS to release the test results to the Ohio Department of Education (recipient number 7945).

<https://education.ohio.gov/Topics/Teaching/Licensure>

What is the procedure for in-state applicants?

In-state applicants are responsible for authorizing testing companies to release test results to the college or university where the applicant is enrolled.

May a candidate retake failed tests?

Yes, a candidate for licensure may retake any or all required tests. Access the Pearson, ETS and ACTFL/LTI websites for details regarding the retest policies of each test provider.

How may a candidate qualify for accommodations?

All accommodations for extra time or special needs are determined by the test providers.

- For Pearson test accommodations see the Pearson website: <http://www.oh.nesinc.com>
- For ACTFL/LTI test accommodations policy see the ACTFL/LTI website: www.languageTesting.com
- For Praxis test accommodations see the ETS website: www.ets.org/praxis

The following notes apply to the chart below

*Qualifying score: 220

**Qualifying score: Intermediate High

† The ODE requires only ONE Assessment of Professional Knowledge be successfully completed in an educator's career.

‡ For individuals applying for a license that requires the Foundations of Reading Assessment (OAE 090), the ODE requires only ONE Foundations of Reading Assessment be successfully completed in an educator's career.
