18. A town is considering building a community swimming pool. At a public hearing on the issue, supporters and opponents of the pool make the following statements:

Supporters

A report by the U.S. Surgeon General emphasized the health benefits of swimming for both children and adults. A recent university study found that communities with adequate recreation facilities had lower rates of juvenile delinquency than communities that did not.

Opponents

The pool is a bad idea for many reasons. There are better, more cost-effective ways to help kids than by building a pool. The town should be spending its money on more critical issues at this time. The pool would be a complete waste of the town's money.

- Which of these two statements includes credible sources of information that uphold the statement's position?
- Why does agreement with credible sources of information help make a statement believable?
