Writing Student Test Booklet

Half-Length Practice Test
Large Print

Directions:

Today you will be taking the Ohio Grade 7 Half-Length Writing Practice Test. This is a test of how well you write. Two different types of questions appear on this test: multiple choice and writing prompt.

There are several important things to remember:

1. Read each question carefully. Think about what is being asked. Look carefully at graphs or diagrams because they will help you understand the question.
2. The writing prompt is worth 13 points. When responding to it, use a pencil to write your answer neatly and clearly in the space provided in the Student Test Booklet.
3. Each multiple-choice question is worth one point. For multiple-choice questions, circle your choice in the Student Test Booklet for that test question. Mark only one choice for each question. If you change an answer, make sure that you erase your old answer completely.

4. Plan your time to completely respond to the writing prompt because 13 of the 20 total possible points on this test can be earned by your written response. The writing-prompt question is at the end of the test. You may refer to the question as often as necessary while composing your response.
5. Do not spend too much time on one question. Go on to the next question and return to the question skipped after answering the remaining questions.
6. Check over your work when you are finished.
