Executive Summary

Named for State Representative and special education advocate Jon Peterson, the Jon Peterson Special Needs Scholarship was created in 2012 by the Ohio General Assembly. The program awards scholarships to parents of children in grades kindergarten – 12 who have been identified as having a specific disability. Students are evaluated, an Evaluation Team Report (ETR) is created, and an Individualized Education Program (IEP) is developed, which details the required special education and/or related services for the student.

The Jon Peterson Scholarship (JPSN) allows a parent to choose the school or educational setting that best meets their child's needs. Parents may select from several types of approved program providers. Children may attend a chartered nonpublic school, receive services from a private business or organization, or attend a public district that is not their public school district of residence.

Once eligible students are awarded a scholarship, they must meet the assessment requirements per their grade level to renew the scholarship annually.

The JPSN program is authorized under [Ohio Revised Code 3310.51](#) and [Ohio Administrative Code 3301-101](#).

This report outlines student participation and expenditures for fiscal year 2023. Key findings include:
