

Quality Program Review Update

November 2022 – Quality Program Review

- Technical Skill Attainment, Work-based Learning, and Post-Program Placement data measures.
- Regardless of previous non-compliant status, all pathways will reset in years of non-compliance beginning with the QPR 2022 data.
- Work-based learning will remain hold Harmless for the QPR 2022 data measure.
- Quality Program Review thresholds are aligned to the CTPD report card grade bands.

Pathways will return to accountability for the Quality Program Review measures as indicated in green on the chart below:
