Quality Program Review

Ohio legislation requires the Ohio Department of Education and Workforce and the lead district of each secondary Career-Technical Planning District to conduct an annual review of each career-technical education pathway within the planning district.

The intent of the Ohio Career-Technical Education Quality Program Review is to maximize the use of resources and continuously improve career-technical education. The Career-Technical Education Program Review is a one- to five-year process. The district conducts a self-review and creates and implements improvement strategies for areas identified as noncompliant. This work is completed in collaboration with the Career-Technical Planning District and the Ohio Department of Education and Workforce. The performance measures for the QPR 2023 Pathway Data and beyond align with the [Strengthening Career and Technical Education for the 21st Century Act \(Perkins V\)](#) and the [Career-Technical Planning District Report Card](#). The performance measures are **Technical Skill Attainment, Work-Based Learning and Post-Program Placement**.

Technical Skill Attainment

Technical Skill Attainment measures the percentage of CTE concentrators in the reporting year who participated in and received a cumulative score of proficient or higher on the technical assessments aligned to their pathway. If less than 90% of the concentrators take a required technical assessment (participate), the pathway receives a demotion for the Technical Skill Attainment measure.

Work-based Learning

Work-based Learning measures the percentage of career-technical education concentrators who were graduates in the graduation cohort and participated in a minimum of 250 hours of work-based learning.

Post-Program Placement

Post-Program Placement measures the percentage of status known CTE Concentrators who left Secondary Education the previous year and were enrolled in postsecondary education or advanced training, in military service, a service program, an apprenticeship or employed. If the status known is less than 85%, the pathway receives a demotion for this measure. If the status known is 95% or more, the pathway receives a promotion for the Post-Program Placement measure.

Getting Help

General Assistance

Matt Winkle
Office of Career-Technical Education
(614) 995-5286
Matthew.Winkle@education.ohio.gov

Technical Assistance

For **technical assistance** specific to a pathway, please contact your assigned Education Program Specialist as listed on the [Office of Career-Technical Education web page](#).

Accessing the CTE Compliance System

New users must have access to an [OH|ID account](#) to access the CTE-26 portal.

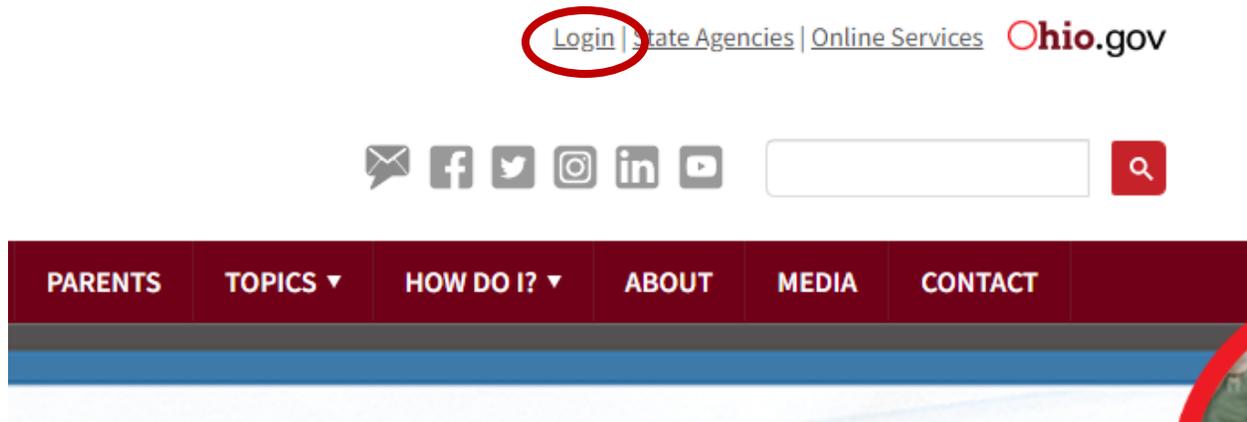

To access the CTE-26 portal, you must have one of the following roles assigned to you in the [Ohio Educational Directory System \(OEDS-R\)](#): **Superintendent, Superintendent Designee, Director of Career Technical Education General, or Supervisor Career Technical Education General.**

Career-Technical Planning District personnel accessing the CTE-26 portal to review member districts' QPR information must have one of the following roles assigned in the [Ohio Educational Directory System \(OEDS-R\)](#) under the Career-Technical Planning District organization IRN: **Superintendent, Superintendent Designee.**

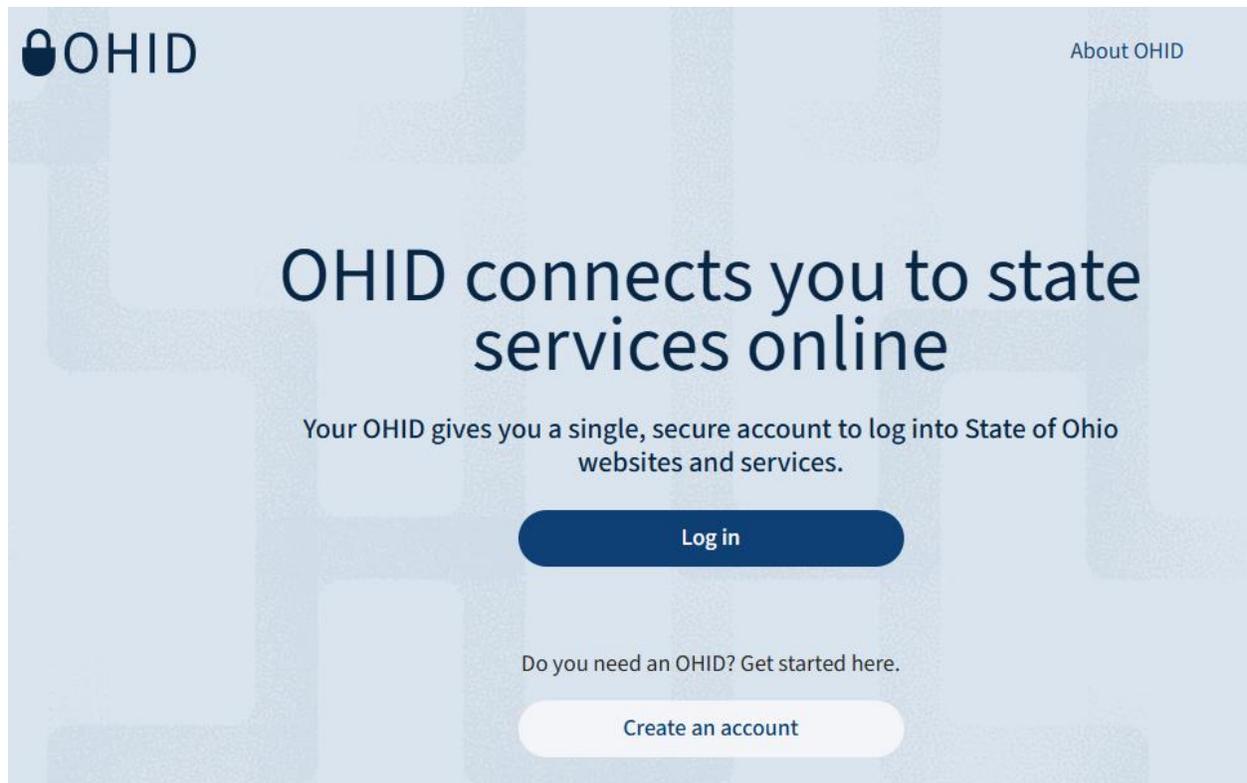

Accessing the Monitoring Portal

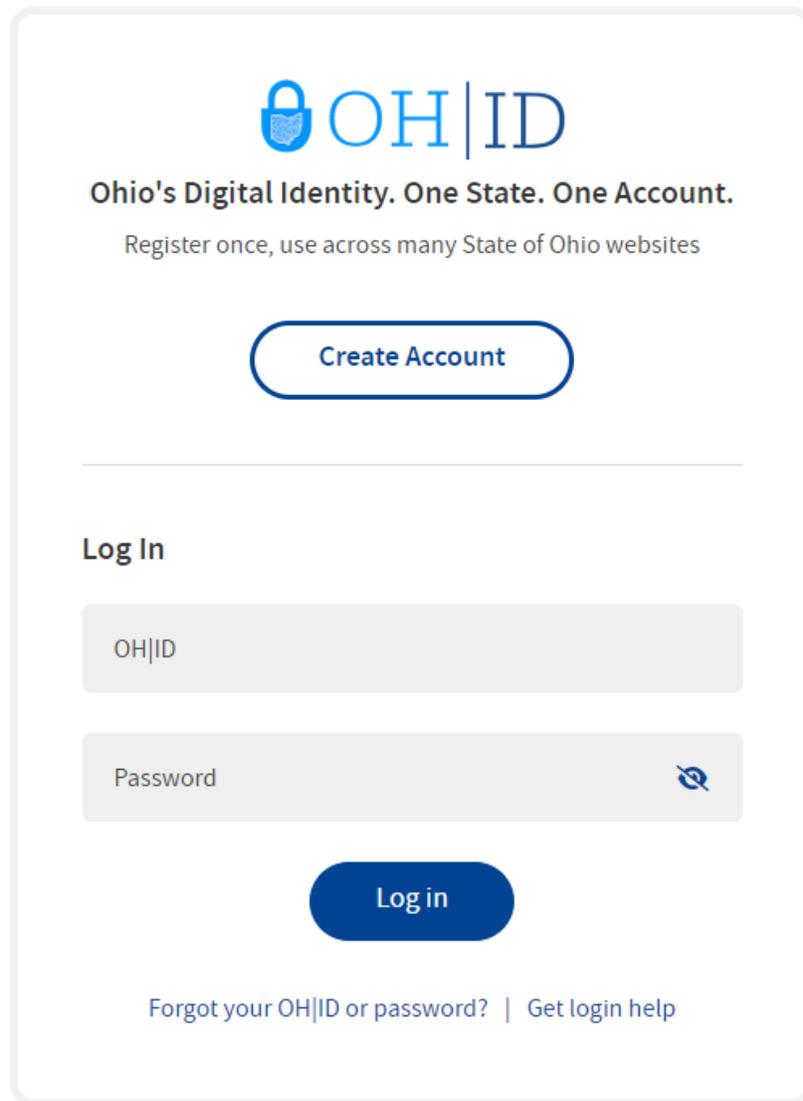

Logging on through the OH|ID account

Users can access the online Monitoring portal through the State of Ohio's secure Web Portal known as OH|ID (Ohio's Digital Identity). Click on the **Login** link located at the top of [the Department's home page](#). Note: You must have a OH|ID account to sign-in.

Choose a login option and you will be taken to the appropriate screen where you can login to your OH|ID account.

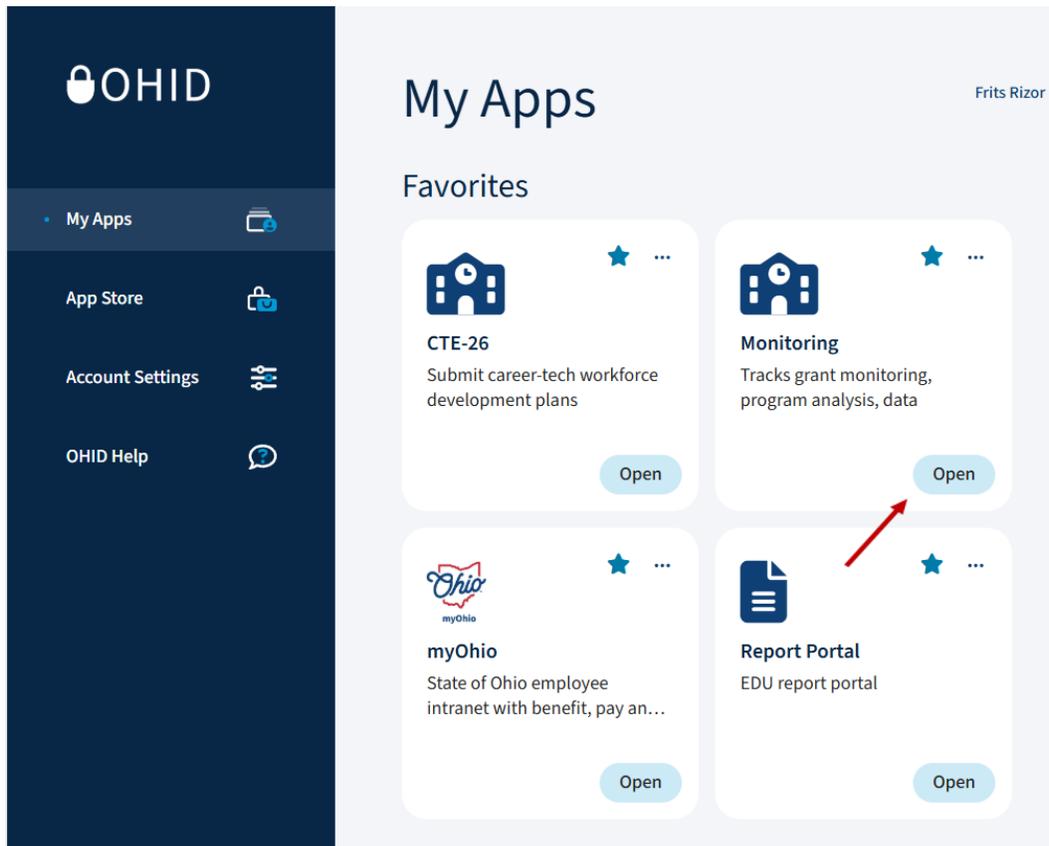

The image shows a screenshot of the OH|ID login and registration interface. At the top, there is a logo consisting of a blue padlock icon followed by the text "OH|ID". Below the logo, the text reads "Ohio's Digital Identity. One State. One Account." and "Register once, use across many State of Ohio websites". A prominent blue button with rounded corners is labeled "Create Account". Below this, a horizontal line separates the registration section from the login section. The "Log In" section features two input fields: the first is labeled "OH|ID" and the second is labeled "Password" with a blue eye icon to its right. A blue "Log in" button is positioned below the input fields. At the bottom of the login section, there are two links: "Forgot your OH|ID or password?" and "Get login help".

My Apps

Select the Monitoring App. **Note:** If the Monitoring App does not appear in the OH|ID My Apps, please verify personnel have the appropriate role assigned in the [Ohio Education Directory System \(OEDS-R\)](#).

To access the application, you must have one of the following roles assigned to you in the Ohio Educational Directory System (OEDS-R): Superintendent, Superintendent Designee, Director of Career Technical Education General, or Supervisor Career Technical Education General.

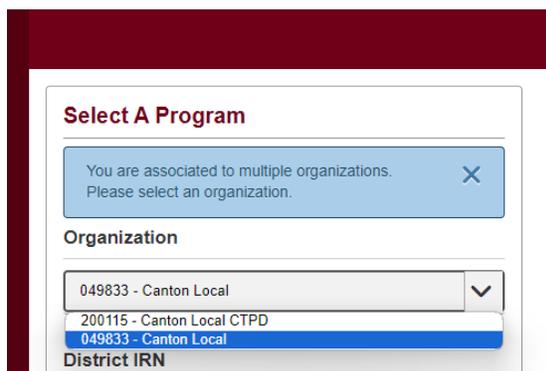

CTPD (Career-Technical Planning District) personnel reviewing member district pathways must be assigned one of the following OEDS roles – **Superintendent** or **Superintendent-Designee**.

CTE Quality Program Review

From the **Monitoring App** select the organization you wish to view.

Note: The IRN selected may limit or extend the users access based on the organization selected and their assigned OEDS roles.

You **MUST** select the district IRN to complete surveys or submit action plans.

The CTPD IRN should only be used by the lead district superintendent/ superintendent designee to view member district data.

After choosing an organization, select CTE Quality Program Review under **Select A Program**.

2. Click the blue link under **Search Results** to access the dashboard.
3. Select the **Report Card** tab to view your pathway data.

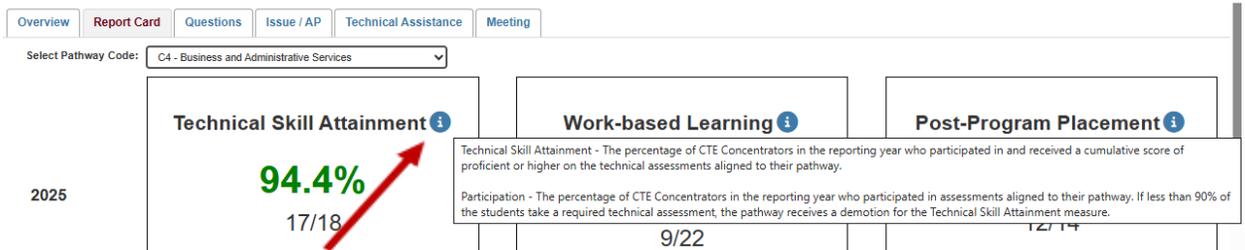

- Use the **Select Pathway Code:** dropdown to access other pathways within your organization.

- Hovering over the information  icon will provide a basic description of the measure.

For more information, please review the Quality Program Review Guidebook.

- Alternatively, districts may choose to view all pathways at once using the **Report Card Search** function. Selecting the Details button for a pathway will return the user to the Report Card screen as shown above in step 3.

J0	Medical Bioscience	Is Compliant	71.40	No Data	100.00
J6	Exercise Science and Sports Medicine	Is Compliant	100.00	100.00	No Data

Completing the CTE Program Review Survey

1. To access the Quality Program survey for “Non-Compliant” pathways select the Questions tab and click the **Add Pathway(s)** button.

2. Select the pathway you want to add and click Add New Pathways. To select multiple pathways, hold the Shift key and select all pathways you want to add.

Under very limited circumstances, a pathway may not be required to complete a survey or submit an action plan. If you feel this might be the case, please answer the questions below.

1. Does the program currently have students who will be finishing the program this year or in a subsequent year? If so, you will need to complete the survey and submit an action plan.
2. Is the teacher moving to teach another pathway or delivering CTE? If so, you will need to complete the survey and an action plan.

If the answer to both questions is NO, please contact your assigned program specialist. **Do NOT select Start Survey** until you have discussed with your assigned program specialist.

3. Click the Start Survey link to begin

Overview Report Card **Questions** Issue / AP Technical Assistance Meeting

Survey List

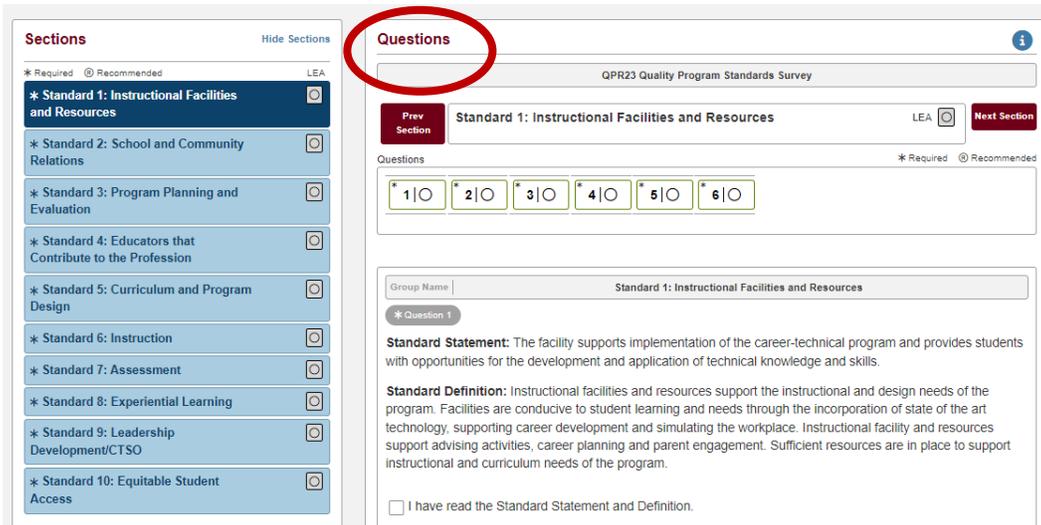

Survey Plan(s)	Started Date	Last Updated	Completion Status
QPR25 Program Standards Survey			

QPR25 Program Standards Survey				
Pathway ID	Pathway Name	Started Date	Last Updated	Completion Status
M1	Cosmetology	07/01/2024	06/30/2025	Start Survey

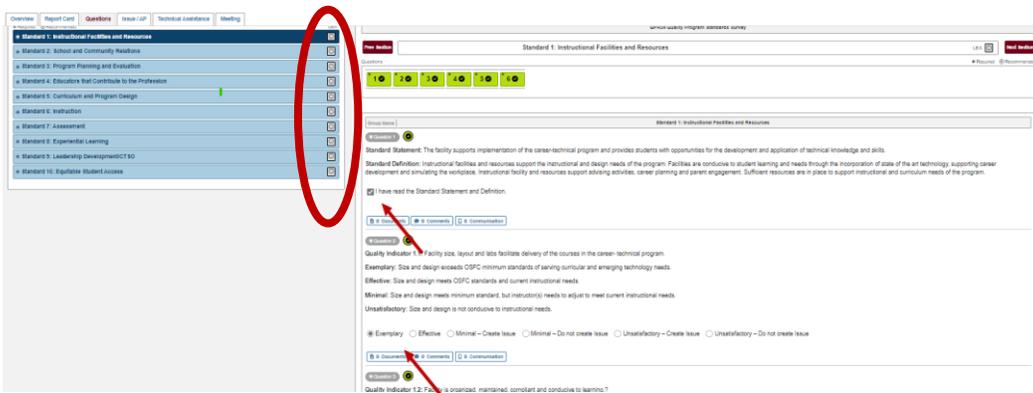

Add Pathway(s)

Previous 5 Results Go to page 1 of 1 Next 0 Results

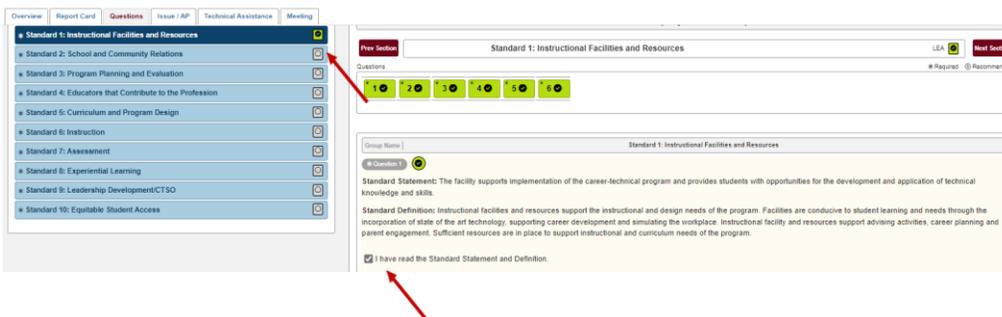

4. Scroll down to the **Questions** section and begin taking the survey. If the pathway was non-compliant last year and a survey was completed, the answers to the questions will be pre-populated based on your previous survey (See #5 below).

- For previously non-complaint pathways only (survey completed last year) – all others skip to step 6. Your answers from the previous year’s survey will be pre-populated when you open the survey, but the sections will not show as completed.

Please review each section and update as applicable. If you do not change any responses in a section, you will need to uncheck and check the acknowledgement box (Question 1) in order to show the section as complete.

6. As you complete the survey, answers will save automatically, and the Question and Section indicators will track completion.

7. You are required to have at least one **answer** with a ‘Create Issue’ status in your survey in order to submit. These will create the Issues that you will potentially use to write your Action Plans.

Complete the survey collaboratively in paper format with all stakeholders prior to entering the answers in the Monitoring System to allow for discussion and determination of ‘Create Issue’ answer(s.)

- After answering all questions (all radial buttons are green), change the Completion Status to Submitted and click the Save icon.

The screenshot displays the QPR23 Quality Program Standards Survey interface. At the top, there are navigation tabs: Overview, Report Card, Questions, Issue / AP, Technical Assistance, and Meeting. Below this is the 'Survey List' section, which contains a table with columns for Survey Plan(s), Started Date, Last Updated, and Completion Status. A red circle highlights the 'Submitted' status in the Completion Status column. To the right of the table is a 'Save' button. Below the table, there are buttons for 'Add Pathway(s)', 'Previous 5 Results', and 'Next 0 Results'. The 'Sections' section on the left lists various standards, with 'Standard 10: Equitable Student Access' selected and circled in red. The 'Questions' section on the right shows the current section, 'Standard 10: Equitable Student Access', and five questions, each with a green status icon.

- Submitting the Survey will create an Issue for each 'Create Issue' answer from the survey, which you will use when submitting your Action Plan(s).

The screenshot shows a table of survey results. The table has columns for ID, Pathway Name, Survey Name, Started Date, and End Date. Three rows are visible, each representing a different survey item. In the 'Completion Status' column, each row has a dropdown menu with 'Issue Created' selected, and a red circle highlights these dropdowns. The table data is as follows:

ID	Pathway Name	Survey Name	Started Date	End Date	Completion Status
1846	E1 Teaching Professions : Standard 7: Assessment : Quality Indicator 7.4	QPR23 Quality Program Standards Survey	12/28/2023		Issue Created
1845	E1 Teaching Professions : Standard 3: Program Planning and Evaluation : Quality Indicator 3.5	QPR23 Quality Program Standards Survey	12/28/2023		Issue Created
1844	E1 Teaching Professions : Standard 3: Program Planning and Evaluation : Quality Indicator 3.4	QPR23 Quality Program Standards Survey	12/28/2023		Issue Created

Submitting Action Plans

One Action Plan is required for each non-compliant area of each non-compliant pathway. Make sure you are addressing the correct pathway and issue for each rating. **The Action Plan Goal template** can be found under the **Resources** section of the [Quality Program Review](#) home page.

1. Move to the **Issue/AP** tab, change the status of the **issue you wish to work with to AP Needed Requested** and click the  icon. **For all issues you are not submitting an action plan for, change Issue Status to AP Not Needed Requested and click the  icon.**

Be sure to refresh your browser window before proceeding to the next step, which will change the Issue Status to AP Needed.

Cancel Update Issue

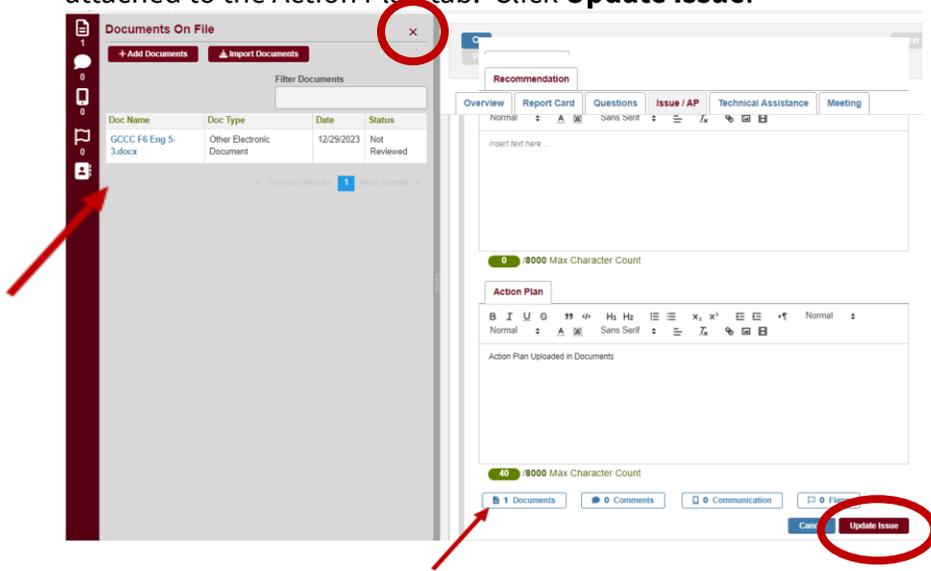

- Click the **+Add Documents** button and then select **Other Electronic Document** from the **Document Type** dropdown.

- Drag and drop or browse and upload your Action Plan file. After your document appears in the list at the bottom of the screen, close the Add Documents screen.

7. Close the **Documents on File** window and it will show that your document has been attached to the Action Plan tab. Click **Update Issue**.

8. Change the **Issue Status** to AP Submitted and click the  icon.

Overview	Report Card	Questions	Issue / AP	Technical Assistance	Meeting
1802	DE Mechanical, Electrical and Plumbing : Standard 3: Program Planning and Evaluation : Quality Indicator 3.5		QPR23 Quality Program Standards Survey	12/27/2023	Issue Created 
1803	DE Mechanical, Electrical and Plumbing : Standard 7: Assessment : Quality Indicator 7.3		QPR23 Quality Program Standards Survey	12/27/2023	Issue Created

1302	F8 Engineering and Design : Standard 5: Curriculum and Program Design : Quality Indicator 5.1	QPR23 Quality Program Standards Survey	01/16/2024	AP Not Needed Requested	Active 
1300	F8 Engineering and Design : Standard 7: Assessment : Quality Indicator 7.4	QPR23 Quality Program Standards Survey	01/16/2024	AP Submitted	Active 

- After uploading action plan(s) and moving all issues to **AP Submitted** or **AP Not Needed Requested**, email your assigned [education program specialist \(EPS\)](#) and they will move submitted action plans to **AP Needs Superintendent Approval**.

*If submitting multiple action plans, consider waiting until issues all are in **AP Submitted** or **AP Not Needed Requested** status before emailing your assigned EPS.*

Approving Action Plans (Superintendent)

Action plans can only be approved by the **Superintendent or Superintendent Designee**. To approve submitted action plans, be sure you have the correct OEDS role and are logged in to the **Monitoring** application under your district IRN (pp. 4-7).

*View Issue **Search Tips** (pp. 18) below to filter results by Issue/AP Status.*

- From the Issues tab, locate **AP Needs Superintendent Approval** issues in the **Issue/AP Status** column. Click the Issue number to open the **View Issue** window.

Quality Indicator 7.4: State Board of Education approved technical assessments, industry certification, and/or licensure examinations measure student performance.

Exemplary: 100 percent of students enrolled in the career tech program test with 90 percent passing or above at the benchmark level on State Board of Education approved technical assessments. 75 percent or more of students attain an industry credential where applicable.

Effective: 100 percent of students enrolled in the career tech program test with 70 percent of students scoring at the benchmark level on their State Board of Education approved technical assessments or attains industry credentials.

Minimal: Students participate in State Board of Education approved technical assessments and/or industry certification and licensure examinations.

Unsatisfactory: Students do not participate in State Board of Education approved technical assessments, industry certification and/or licensure examinations.

- To approve after reviewing the document, change **Issue Status** to **AP Superintendent Approved** and click the  icon.

- If the action plan is not acceptable as written, leave the **Issue Status** as **AP Needs Superintendent Approval** and collaborate with the team to submit a revised action plan (Steps 2-7 pp. 12-15). They will leave the **Issue Status** as **AP Needs Superintendent Approval**.

Your assigned [ODEW Career Tech Program Specialist](#) can remove the original document from the system.

Search Tips

To filter search results by a survey or issue status, select the Issue Search tab from the Monitoring home page select fields to produce desired results. The steps below would allow the user to filter by issues submitted that require superintendent approval for an action plan for the 2023 Quality Program Review.

1. Select the **Issue Search** tab.
2. Select the appropriate **Fiscal Year**.
3. Change the **Issue Status** to AP Needs Superintendent Approval.
4. Click the Search button

Results displayed are only those issues with **AP Needs Superintendent Approval** status.
