Perkins Resources

Concentrator Definition

Perkins V defines ‘Career-Technical Education Concentrator’ in the law as “at the secondary school level, a student served by an eligible recipient who has completed at least two courses in a single approved career-technical education program or program of study.” In Perkins IV, states were allowed to define ‘Career-Technical Education Concentrator’ through the state plan development process.

Completion Definition

For a student to have completed a course, the student must have been enrolled for at least 90 percent of the scheduled hours and/or earned full or partial credit in a state-approved career-technical education workforce development course (curriculum element VT, VP, VN (JTC), VC, PS), including job training programs.

Determining Concentrator Status

For assistance in determine concentrator status, please consult the concentrator reporting matrix found on the Data & Accountability webpage.
